THE POWER OF WORDS !

A group of frog were traveling through the woods when two of them fell into a deep pit. All the other frogs gathered around the pit. When they saw how deep the pit was, they told the two frogs that they were as good as dead. The two frogs ignored them and tried to jump out of the pit with all their might . One of the frog gave up, fell down and died. The other one , however, continued to jump as hard as he could and finally made it out. The other frogs said :”Did you not hear us ?We thought you were as good as dead !“ The frog explained to them that he was deaf . He thought they were encouraging him the entire time! Make you think about the words you use : are they destructive or uplifting?

PRAYER DAY AT BENEDICTINE HOSPITAL

Benedictine Hospital was blessed to be visited by spiritual team from Anglican congregation. The team was organized by our Hospital Board member Queen T.J.Zulu. This took place on the 13 June 2007, on the front foyer of the Hospital. Pastor Sphiwe gave us a word of God and Platform was given to staff who needed prayers and spiritual upliftment, and those who wanted to accept the LORD as their personal savior. Benedictine Hospital would like to convey a message of appreciation to Queen T.J.Zulu (Hospital Board Member) for thinking of the hospital staff during these difficult times and also the Anglican congregation for taking time to come and fellowship with hospital staff. Jesus Christ manifested tender compassion for the suffering multitudes & ministered to man's total Body, Soul & spirit. He commissioned his disciples to do the same IN HIS name, saying, "As My Father hath sent Me even so send I you (John 20v21)
