Spectators: they only stand on grand stand , watch the game and expect goals in a few minutes without knowing what are the plans of the coach and what his instructions to the players are.

Players: they train very hard to prepare for a game and they work together as a team, they need each other to get positive results. He encourage staff members to have family values and fear GOD so that they can serve our clients with dignity and respect. "Ungeke washanele kwenye indawo ube uhlulwa ukushanela kini".
