" I'm responsible. You are responsible. KwaZulu-Natal is taking responsibility"

Nursing Campus Year Ending Party

The Year Ending Party was a great time for everyone in the CJM Nursing Campus that was held on 03 December 2009.

The staff did a wonderful job of decorating the room and making it so colourful. Mrs. N.G. Ndlovu (Principal) congratulated and thanked the staff for organizing this wonderful celebration. Needless to say the time went by quickly and everyone had a great time.

Christmas is never complete without presents as they sacrificed much of their time and money buying and wrapping the presents, as everyone received present on that day. Thank you again to the following staff Campus for putting such a lovely party, Mrs. N.G. Ndlovu, Miss. N.M. Hlongwane, Mrs. M.B. Masuku, Mrs. T.T. Nxumalo, Mr. L.N. Gumede, Mr. Mbuyisa, Ms. N.G. Khumalo, Mrs. L.N. Zulu, Mrs. R.G Shange, Mrs J.S. Mabaso, Mrs.A.N. Mabaso, Mrs. Q.A. Dlamini, Mr. C. Mhlongo, Miss. R.E. Khoza, Mrs. T.C. Mlambo, Mrs. T.F. Malinga and Mrs V.G. Khumalo.

Waiting Time Survey 2009

Charles Johnson Memorial Hospital conducted Waiting and Service times survey on 08 December 2009. to provide information on waiting times and services time and the related influencing factors to enable managers to improve the quality of care rendered to clients.

The objectives of the wist survey .

- To determine the complete and partial waiting times and service time for all services rendered at institution.
- To determine bottlenecks/ logjams in the system .
- To identify gaps and weaknesses.
- To enable to development of action plans by the facilities to address the gaps and weaknesses.
- To compare the first and second sets of data to gauge improvements, lack of improvement or stagnation.

Donations by staff members played an important role to ensure that lunch is provided to the volunteers: lunch was prepared by Hlengiwe Hlongwa (Food Service Manager).

Students who were conducting Waiting and Service time survey they were accompanied by Miss L. Ntuli and Mr. J. Buthelezi

We would like to express our appreciation to the management and staff members for permission to undertake waiting and service time survey, we will also like to express our great appreciation to the volunteers for conducting this survey.

Christmas

Merry Christmas and a Happy New Year

God is love
Christmas is all about love
Christmas is thus about God and love
Love is the key to peace among all mankind
Love is the key to peace and happiness with all creation
Love needs to be practiced –Love need to flow-Love need to make happy

Love starts with your partner, children, family and expand to all world

God bless all mankind

RADIATION AWARENESS DAY

On 17 December 2009 X-ray department hosted Radiation awareness that was held in Step-down ward where staff members were educated about all X-ray services and dangers of X-rays. X-radiation also known as X-rays are very dangerous to the human body.

Exposure to ionizing X-radiation affects various organs and tissue in the body and may result in a finite probability for radiation induced disease in person exposed to the radiation and their descendants. Danger include cancer induction , genetically determined ill health, nonspecific life shortening, developmental abnormalities and degenerative diseases. X-radiation is even more harmful to unborn babies.

The Batho Pele principles states that patients come first , so it the responsibility of the radiographer to ensure that every patient in the X-ray department is properly protected from unnecessary radiation exposure. This event was also sponsored by ABSA Bank (Nquthu Branch).

Staff members that won different prizes from ABSA Bank accompanied by Miss. L. Ntuli, M. Dlamini and Mr. S. Ndadane.
