The former Ceza Swallows players affiliated with Ceza Teachers soccer team at Ceza Hospital soccer field.

You could see the touches, passes and finish ups from both teams that they were soccer players in their times.

It was such a lovely afternoon game with a huge crowd of spectators including pa-

tients enjoying themselves by watching our former Ceza swallows players like abo Giuter-man, Spirit, Humfry

Mlwane, Mahiros, Thwelufu, Tsetse Fly, Matsikiza no Mdawu benza ababedume ngakho.

You wouldn't differentiate between professional soccer players and our former Ceza Swallows players the way babelithintitha ngakhona.

The score ended up with 2-2 in both sides.
