COMMUNITY LISTENING ATTENTIVELY TO SPEAKERS

Ceza hospital commemorated TB month by visiting Ozweleni community on the 21st of March 2017. The hospital team was warmly welcomed by Induna Nkwanyana who appreciated the visit and said that they are very happy as the community of Ozweleni to be visited by Health care workers on a holiday. The day started with educational talk. The following topics were covered: TB, MMC, HCT, malnutrition. The community was also educated on how to lodge a complaint when they are not happy about the service of Ceza hospital and its clinics. On the 24th of March 2017 awareness for staff was conducted and the team also visited Ceza taxi rank. TB and HCT screening was done on both days and people were given a chance to ask questions on health issues. Condoms were also distributed.

MIDWIVES IMBIZO

On the 17th of January 2017 Ceza hospital hosted Imbizo for midwives. Matron S A Ngidi was the facilitator of this great day. The main purpose of the day was to share best mid-wifery practices, how to improve on weaknesses, share good practical skills especially on emergencies(ESMO DRILLS, HBB). The day was celebrated on a very high note; midwives from other hospitals and Medical Officers were invited, Midwife Specialist Mrs P F N Dladla also contributed a lot to making this day a success. PHC Operational Managers shared their best practices. "The message could not go well without our sisters and CCG's, they are our strong hold to provide continuity of care to the patients"; said Deputy Manager Nursing Mrs Msane. The support from all stakeholders and Miss C N Buthelezi who worked hard in ensuring that all goes well is appreciated.
