CEO'S CHRISTMAS MESSAGE

Warm Greetings to Everyone

It is that time of the year again where we have to reflect back on our service delivery and note how we have performed in 2009 with the aim of starting afresh to overcome the shortcomings and challenges we have experienced.

As we come to the end of 2009, we need to gear ourselves up for 2010, review our commitment to serve the people of South Africa and ensure the sustainability of health care services using the available resources.

With these words, I trust that the festive season will be filled with wonderful moments only. Let us look back and thank God, look forward and trust God, look around and serve God and look within and find HIM.

HAVE AN AWESOME HOLIDAY.

Mrs N.P. Ngcobo
Chief Executive Officer

As the hospital we have stood firm in providing services to the people despite the odds, the challenges and the turbulence of day to day service delivery issues. To all of you, you are equally important in service delivery. No one should make you feel less important. Together we will have maximum outputs and excellent health outcomes. Let us all take personal responsibility now. Where we cannot change the circumstances, the turmoils of life, we can change ourselves because that is something we have charge of.
