Imbalenhle CHC held its first Community Outreach Campaign of the year on 23 January 2013. This campaign was held at Nazareen Church in Imbali Unit 1.

Social mobilization was well conducted through the distribution of promotional material at key strategical areas and also through the use of the Loud hailer. Our target areas were Imbali Unit 1 and 2.

The campaign was a success with a total number of 117 patients that were seen on the day. These are the following services that were offered on the day: TB screening, BP, HB, HGT, HCT, STI & Minor Ailments, Pap Smear, CD4 count, Family planning, Eye screening and Immunization.

Our Outreach Team comprised of the Health Promotion Team, staff members from the CHC and also members from Love life who assisted during this campaign. A special thank you to Pastor Thabethe for allowing us to use his Church for this campaign and also to Ward Counsellor Mr. Ndawonde for having assisted us with social mobilization.
