## Human Sexuality LGBTQI+:

Uthingo Network facilitated a comprehensive workshop on Sexual Orientation, Gender Identity and Expression, and Sex Characteristics (SOGIESC) alongside a sex-positive approach to Sexual and Reproductive Health to Grey's Campus Staff and Students on 12th June 2024

The workshop was interactive and of great benefit to all who attended as it broadened our insights into working with LGBTQI+ clients and how to promote inclusive and comprehensive health care to all citizens.
