Port Shepstone Campus staff appreciating the new 22 seater vehicle.

We are so lucky that Port Shepstone Nursing Campus has been allocated a new 22 seater VW Craft vehicle to transport students and staff safely! Thank you KZN CN for making our lives easier!

CAMPUS CULTURAL DAY

Group 1/2018 as part of their second year Social Science curriculum present a "Cultural Day" to illustrate their interpretation of the social concept of "culture". This enthusiastic expression of culture may include short plays, dancing, recitals and singing. Thank you for the invitation to Campus staff and dignitaries on the 16th of August 2019. A very creative, innovative and resourceful group of artists entertained us from Group 1/2018! This year's theme was based on homosexuality in rural areas. Well done to each student! Your production was exemplary and the cultural array of food phenomenal! Well done also to all the chef's!

Campus students dressed in traditional clothing for the function.

Campus staff dressed in traditional attire on Cultural Day.

RESEARCH PRESENTATION DAY

Group 1/2017, in their third year of study, participate in research projects as part of the R425 programme. This culminates in a presentation of the Research studies which took place on the 23rd August 2019. It was humbling to witness the growth and maturity of these students as they honed their academic writing and scientific study skills. What a high standard of work! Well done Group 1/2017, we are so proud of you!

INNOVATIVE TEACHING AND ASSESSMENT STRATEGIES WORKSHOP

Mrs HF Mkhize represented the Campus at this workshop sponsored by the National Department of Health, SUCCEED and HWSETA. It was held at the University of Free State from the 29 July to 01 August 2019. The information gained will be cascaded to all lecturers at all campuses with a roll-out plan commencing on the 16.09.2019. We are looking forward to the new positive changes in teaching and learning in nursing education!

The Debate as a teaching strategy

Mrs HF Mkhize facilitated the learning strategy of a “Debate” with Group 01/2018. The Social Science students debated the merits of “Legitimizing illness Vs Normalizing illness” in Chronic Invalidism. Their performance was exceptionally good and the students enjoyed the debate. The lecturers and the campus Principal, Mrs Cele attended and Mrs Cele was impressed and congratulated Group 01/2018 for a job well done!

The Debate in action. Well done Group 1/2018!

The Jigsaw Teaching Method was also a great success !

Ms NC Boloko (HoD: Midwifery - Port Shepstone Campus) holding the banner high to prevent back street abortions.

Mrs N. G. Cele (Campus Principal—Port Shepstone Campus) and students at the MEC Anti Illegal Abortion Campaign.

Sithembinkosi Primary School Careers Day.
Aspiring prospective Health Care Professionals dressed up in white coats to get the feel of their futures!

Mrs Vusani (lecturer) and Mrs Malunga (lecturer) represented Port Shepstone Campus at a Careers Day function at Sithembinkosi Primary School in Gamalakhe. The informative event was organised by the school for their Grade 7 learners. Departments represented on the day, included Basic Education (Ugu district office), Health, Engineering, SAPS, and Correctional Services. We wish the children good fortune in reaching their chosen career dreams!

Mr S Jwacu and Mrs D.O. Ngcobo (lecturer)

Thank you Sandile from South African Blood Service (SABS) for an informative and very interesting presentation given the lecturers for their monthly in-service training! We are especially proud of Mr. Jwacu as he is a fine “product” of Port Shepstone Campus. We appreciated your knowledge and experience in this field. All the best in your new venture!

Social club

As a community driven project, the Campus lecturers raise funds on a regular basis to benefit under privileged school children in our district. Every January, the Campus chooses a rural school that would benefit from help in sourcing school attire for children that are under privileged. This year we are happy to have provided 2 full changes of school uniforms, shoes and school bags to 10 precious children at Zwelihle Primary School.

Social club

Campus staff handed out school uniforms and bags to learners at Zwelihle Primary School! We wish all the children an adventurous and fun school year!

FAREWELL Mrs Magadla!

Sadly, Port Shepstone Campus bids Mrs P Magadla farewell in her role as a lecturer as she ventures forth in her career as a Professional Nurse at Southport Clinic. Fortunately, we will still have communication with Mrs Magadla as our students will continue to benefit from her expertise as they attend the clinic for clinical placement experience! Everything of the very best in your future endeavours!!!

Congratulations to Mrs Nyawose (nee Dlamini) on her recent marriage on the 22 June 2019!

ACKNOWLEDGEMENTS

Thank you to all
Lecturers at the Cam-
pus for the written con-
tributions and photo-
graphs.
