C. E. O's DESK

I wish to thank all of you for your hard work, dedication and support in 2007. Let us look forward to 2008 and come back with a fresh start. Those that will be traveling should make sure that they don't drink and drive in order to be safe otherwise they'll spend Christmas in custody. May you enjoy the festive season with your loved ones till we meet next year.

" Leadership is not about exercising authority over people or by winning over people, but it is the ability to bind a group together, persuading and motivating them to seek defined objectives enthusiastically."
George B. Ferdinand

2007 had its own good and challenges like all the previous years. We have lost some of our staff members through resignations, transfers, retirements and deaths. We have also been joined by new colleagues. Some of our staff members have lost their loved ones may they be comforted. We may have our plans but God has the final word.

WATER IS THE SOURCE OF LIFE SAVE, IT

Tell your friends and family that they can all be part of global movement. We can all help preserve our precious water supply by:

- Switching off the tap while washing our faces or brushing our teeth.
- Generally being aware of not wasting water, whether it's for personal use or for the garden, washing the car or cleaning the yard. Water is the source of life, save it.

P.R.O'S DESK

Our first publication received a lot of compliments as well as suggestions from other Institutions, District and Departments . To my partners Mbali Sibiyi, Dee Mhlongo, S'yanda Mthimkhulu, Qaphelani Ngcobo and Nonto Ncanana thank you for the love and support you gave me.

I cannot forget the hardship and poverty that continues to affect most of our communities in our District. As health workers we do not perform miracles but our hands are endowed with hope and empathy. Hope makes all things work, faith makes all things possible. The most important therapy we can give our patients is a smile and reassurance that they will get better soon. .

We in the Public Service are committed to put People First, let us all improve our service delivery help those who are in need. We must practice Batho Pele Principles and never forget Patients Right Charter

Buhle

Christmas is a special time of the year to remember those who are close to our hearts, and a good time to link yourself with Christ. May your days be bright, and your heart be light. Open your heart to the Lord you will feel the salvation of Christ. . All the best that this Christmas and New Year hold for you .

Previous Quiz and Answer

Themba was in prison, so he wrote a letter to his girlfriend Ntombi which read thus : Bring a tea ,circle, one carrying three, a legged triangle, two semi circle and please don't forget a circle.

What did Themba want from Ntombi?

The answer was TOBACCO

Congratulations to Dee and Nonto they got it right.

Quiz

I have two boys to work in my garden. I have only R1,00 to pay them. I must pay the older boy 10c more than the younger one.

How much should I pay each boy?

If you really know the answer just call P.R.O's office at 035 450 8321.

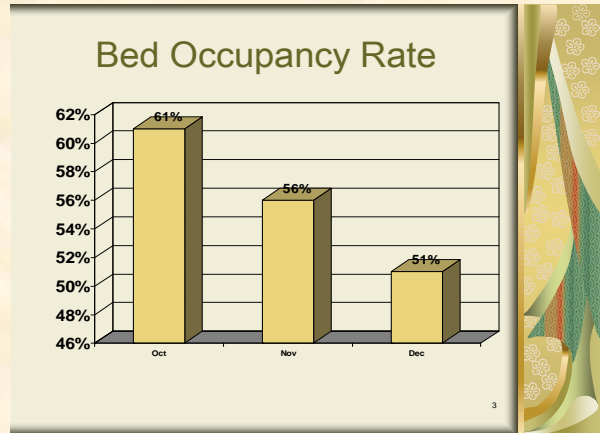

Good luck : -) !!!

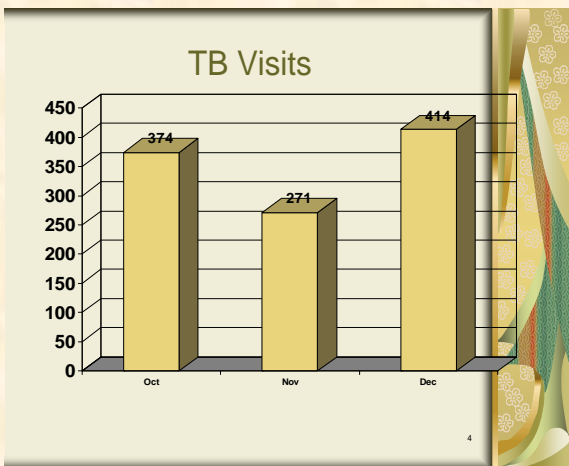

INFORMATION ANALYSIS OCTOBER-DECEMBER

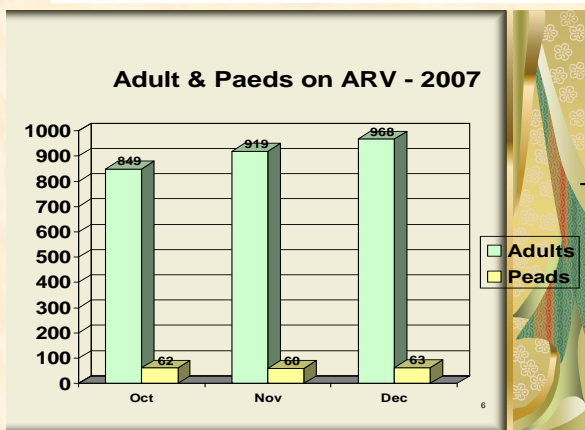

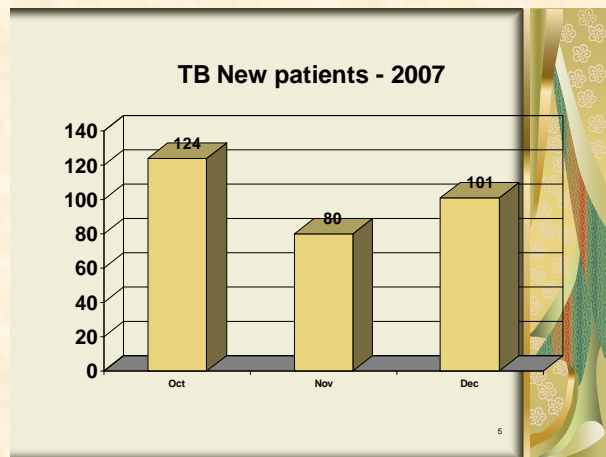

Our norm is four days. The challenge we are facing is that we are failing to meet the norm due to the fact that there's no step down facility for terminally ill patients and admission of T.B patients who are on streptomycin.

Obstetric and Pediatric Ward affects the overall bed occupancy rate which is 80% due to their quality of service. Most of the patients at Obstetric Ward deliver and get discharged the following day. This is due to the effectiveness of ANC clinic.

We are having a high volume of T.B patients therefore we need to add an extra slice in our budget in T.B Management as we will require to procure food parcels and medication for T.B patients.

In terms of District Health Plan we targeted to enroll at least 60 people per month on the programme and have manage to refer our eligible clients to ARV clinic and the head count is increasing on daily basis. It shows the effectiveness of our VCT Programme.

E.A.P LAUNCH

The last event for the year 2007 was the launching of the EAP which took place on the 28th of November. The theme of the day was” **Sebenza uphillile uthokozile**”. Mrs R.V.Jele the Occupational Health and EAP coordinator from the District Office gave staff members informative speech. There as a presentation from SANCA they conducted an awareness on Alcohol and Drugs Abuse.

Mrs R.V Ndlela Occupational Health and EAP coordinator from the District Office

Role play by Community Health Workers

GEMS also gave a presentation on different options offered by GEMS and those who were interested to join were given applications forms. Newstart (NGO) which is an NGO were also present to provide VCT services for those employees who wanted to know their HIV status.

Community health workers graced us with an EAP role play other additional entertainment was from local school children. There were stalls and activities for the day.

Ms S.L.Mbele encouraging employees for VCT by newstart

Indlamu was one of the entertainment

Tag of war was one of the activities for the day

SOCIAL SERVICES - CHILD ABUSE AWARENESS AT MFANEFILE PRIMARY SCHOOL

One of the strategic objectives of the Social Work Department in this hospital is to undertake school visits to render social services to school children.

The Social Workers; Ms. P.E. Mlambo and Ms. N.B. Hadebe conducted child abuse awareness to the learners of Mfanefile Primary School on the 30th October 2007. Learners were educated on the causes of child abuse, forms of child abuse, i.e. physical abuse, child neglect, emotional & psychological abuse, and sexual abuse. They were also educated on the effects of child abuse and on what they can do after rape.

Learners were also educated on the rights of children. Much emphasis was put on the reporting of child abuse incidents. Learners were encouraged to report if they happen to be abused.

Children with their hands up ready to give answers on what they learnt on child abuse

After an informative presentation by Social Workers, learners were asked some questions to establish whether or not they gained something from the presentation .

From the answers that the children gave, it showed that they gained a lot of information on child abuse. Hopefully they'll implement what they learnt, and report when they are abused.

CHRISTMAS PARTY FOR KIDS IN PAEDIATRIC WARD

Children admitted in the hospital during the festive season usually miss the love, warmth and happiness that they would be enjoying if they were at home with their loved. It is on this background that the social work department decided to organize the party for kids. The party was aimed at showing love and support to the kids admitted in the hospital during the festive season.

Mrs T.R Zondo Hospital C.E.O graced the party with her presence.

Kids and their parents were delighted to receive their gifts

The kids Christmas party was a success. The social work department and the staff in the paediatric ward worked with great cooperation. The support they got from sponsors was superb let alone given by our Hospital C.E.O. Kids received generous gifts from our sponsors which made their day special. Hopefully they felt love and support we intended to give to them.

SPECIAL THANKS TO FNB and MELMOTH SPAR

FNB and Melmoth Spar representatives giving out gifts to the kids.

MEDICAL COMPONENT CHRISTMAS PARTY

The Christmas Party was held on the 15th December 2007 in the Park home Boardroom. The Boardroom was decorated by Belinda and Nonto. The purpose of this party was to build team spirit, push up the

moral fellow of workers and just to be together in this time where work is just work, no time for anything else. This was held for the medical component e.g.. Drs, Pharmacy, Dentistry, X-Ray, social services, physiotherapy

and management. Small gifts were exchanged.

CHRISTMAS MESSAGE: LOVE ALL LIKE YOU LOVE YOURSELF!!!!!!!

From Left : Belinda, Kerry and Dr Myeni

Gifts

Dr Myeni and Dr Ngidi

Dr Myeni and Dr Tshiamala

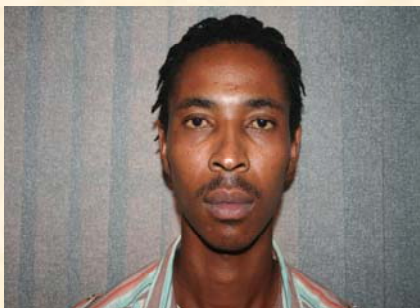

Tables looked beautiful in Gold + White

Laughing, eating and enjoying!!! Sorry no wine!!!
