

ISIBANI NEWSLETTER NEWS

GROWING KWAZULU-NATAL TOGETHER

APRIL - JUNE 2023

EDITOR'S CORNER

Mrs P. P. Morai (PRO)

Warm greetings to all the readers of Isibani Newsletter. We hope this newsletter finds you in good health. As we move into the second quarter of 2023, we would like to take a moment to reflect on the past few months and share some of our recent accomplishments. Firstly, we would like to acknowledge the change in the leadership of the hospital. Mr. Gabriel Bigboy Khawula as interim CEO of the hospital. We are optimistic that with the backing of KZN Health and all the concerned parties, including Ugu Health District, Primary Healthcare, District Hospitals, and Community Healthcare Centers in Ugu district and the staff will support our hospital during this phase and collectively, we will continue rendering optimal, efficient and effective healthcare services to all the people of UGu district.

In addition, in making strides to improving patient outcomes, there is the implementation of new technology in our hospital called E-Health. Our team of doctors, nurses, and support staff are working towards ensuring that our patients receive the best possible care, and we are pleased to report that our efforts are slowly paying off. Finally, we would like to extend our gratitude to all of our patients and their families for entrusting us with their care. We remain committed to providing efficient, effective and compassionate regional healthcare that meets the standards of excellence.

KZN HEALTH HOD : DR TSHABALALA PRAISED HOSPITAL CLEANERS

The photograph captures the joyous moment when the Head of KZN Health, Dr Tshabalala, in blue safari, is seen beaming with pride as he is surrounded by the members of the Executive management of the hospital and staff. The photograph is a testament to one of those few moments that will be cherished for years to come.

The executive management and the staff of Port Shepstone Hospital were thrilled to meet the KwaZulu-Natal Head of Department, Dr Tshabalala during his unannounced support visit to the hospital on the 29th of March 2023. The staff were excited to have the opportunity to meet him and share their experiences of working in a hospital. Dr Tshabalala's visit was a morale booster for the staff, who work tire-

lessly to provide quality healthcare to the patients. The staff were able to even take selfies and share some laughter with him. Dr Tshabalala was particularly impressed by the dedication and commitment of the staff. He particularly commended the cleaning services and on his way out, he surprised one of them with a cash donation just as a token of his immense appreciation for their sterling work. He saluted the hospital cleaners for keeping the hospital

clean.

He added that "When a hospital is clean, it reduces the chances that patients will come into contact with harmful micro-organisms". Dr Tshabalala's visit followed another visit by the members of the KZN Legislature who were deployed under Operation Sukuma Sakhe (OSS), mainly to support the hospital's Thuthuzela Care Centre.

NURSES' DAY 2023: A SALUTE TO PSRH NURSES

The hospital celebrated Nurses' Day in May with great enthusiasm. The day was marked with various activities such as a cake-cutting ceremony, a special lunch for the nurses, and a thank-you note from the hospital management. The hospital also recognized the hard work and dedication of its nurses by presenting them with certificates of appreciation.

Nurses' Day is celebrated annually on May 12th, which is the anniversary of Florence Nightingale's birth¹. This day is dedicated to honoring and appreciating the contributions of nurses to society. The theme for Nurses' Day 2023 was "Nurses: A Voice to Lead - A Vision for Future Healthcare"¹.

The nursing profession is one of the most important professions in

healthcare. Nurses are responsible for providing care to patients, administering medication, and monitoring vital signs. They are also responsible for educating patients and their families about their health conditions and treatments¹.

The hospital's celebration of Nurses' Day is a testament to the importance of nurses in healthcare. It is a way to show appreciation for

their hard work and dedication to their profession. The cake-cutting ceremony, special lunch, and thank-you note from the hospital management were all ways to show gratitude for their contributions¹.

The certificates of appreciation presented by the hospital are a way to recognize the hard work and dedication of its nurses.

FRONT ROW(L-R) Mr Bigboy Gabriel Khawula, Mrs Ntokozi Mkhize, Mrs Buyisile Ngesi and Mrs Mandisa Maqutu

On the 10th of May 2023, Port Shepstone Regional Hospital held its International Nurses Day Celebration at the Civic Centre which was attended by different personages which included district management, BRHC district director, PSH acting CEO, EXCO members, Head Clinical Units, Extended management and supervisors, organized labour, retired nurses, UGU DMNs forum, Port Shepstone campus principal and management and nursing staff from different disciplines. This day is very important to the nursing profession because it is the birth day of Florence Nightingale (Pioneer of the nursing profession) also known as Lady with a lamp.

During her speech, Mrs Mandisa Maqutu- Deputy Nursing Manager said the theme for 2023 Nurses Day Celebration is “Nurses: A Voice to Lead - A Vision for Future Healthcare” “We need to learn from the lessons of the Covid-19 pandemic and translate these into actions for the future that ensure nurses are protected, respected and valued”, she said. Her advice to young nurses is that they must grab this opportunity, respect and accept criticism by their leadership. Nurses were also advised to accept being led in order to lead one day and join the healthy and constructive groups. Mrs. BL Ngesi (retired Murchison hospital CEO) gave a powerful keynote address where she cautioned nurses about the importance

of self-care. She highlighted that if nurses are not emotionally and psychologically happy, they will find it difficult to serve their patients. At the end, the Deputy Nursing Manager extended her gratitude and appreciation to all the nurses of Port Shepstone hospital and the nursing campus for good work, commitment and dedication, despite difficult times.

A CELEBRATION OF COMPASSION AND CARE IN PHOTOS

Following the hospital Nurses' Day celebration on the 10th of May, our Drum Majorettes team became the highlight of the Provincial Nurses' Day celebration held at King Zwelithini Stadium uMlazi Township on the 12th. The event was organized by the KwaZulu-Natal Department of Health. The drum majorettes led the parade, which was attended by nurses from across the province. The event was aimed at demonstrating the commitment of nursing staff to patient safety and bridging patient safety gaps for better patient care.

Salute to the nurses for their dedication to the patients – they possess a big kind heart
- wishing our nurses a very happy Nurses' Day -

OUR DEDICATED NURSES !

PORT SHEPSTONE HOSPITAL

EMBARKS ON E-HEALTH SYSTEM IMPLEMENTATION

As part of an effort to modernize healthcare services in KwaZulu-Natal, Port Shepstone Regional Hospital has been selected as one of the hospitals to introduce an E-Health computer system. This project represents a huge step in our hospital, with the potential to deliver enhanced patient care, more efficient hospital operations, and an increasingly accessible and effective healthcare system for the community members of Ugu district. This move aligns with the government's commitment to delivering accessible, efficient, and high-quality healthcare services to all the citizens.

KEY ADVANTAGES OF IMPLEMENTING E-HEALTH

Enhanced Patient Care: The utilization of E-Health systems allows for the maintenance of more precise patient records, seamless exchange of patient data among healthcare providers, and improved clinical decision-making. Consequently, this leads to an enhancement in patient care and outcomes.

Efficient Operations: The adoption of digital records and procedures reduces the paperwork load and administrative complexities, resulting in more streamlined hospital

operations. This, in turn, translates into reduced waiting times, diminished administrative errors, and an overall improvement in the hospital's efficiency.

Enhanced Accessibility:

E-Health facilitates the provision of telemedicine and telehealth services, guaranteeing that even remote and underserved communities have access to top-quality healthcare. Patients can receive consultations and follow-up care without the need for long-distance travel.

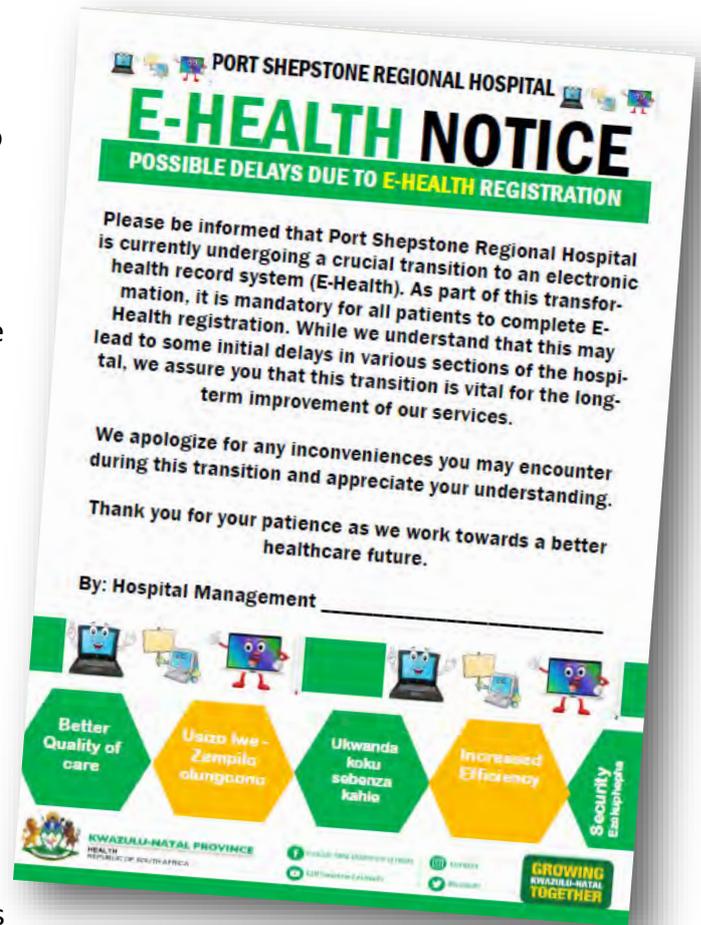

Improved Coordination: Improved information exchange among healthcare providers fosters a more comprehensive approach to patient care. Doctors and nurses will have access to comprehensive patient data, resulting in better-informed decisions.

Empowered Patients: Patients will also enjoy the benefits of E-Health, with the ability to access their own medical records and participate

more actively in their healthcare decisions.

Reduced Errors: Electronic records diminish the likelihood of errors resulting from the misinterpretation of handwritten notes or the misplacement of paperwork.

This technological advancement promises to improve patient care, enhance efficiency, and expand access to healthcare services for all residents.

PORT SHEPSTONE HOSPITAL TAKES A STAND AGAINST ELDERLY ABUSE

Elderly abuse is a serious issue that affects many older adults in our society. It can take many forms, including physical, emotional, sexual, and financial abuse. In order to combat this problem, our hospital social work departments was allocated to teach and raise awareness about the abuse of elderly people.

SANELE WAYISE WON A SILVER

Congratulations to Sanele Wayise, an employee of our hospital private cleaning company, for winning a silver medal in the 2023 Comrades Marathon! Sanele's supervisors congratulated him on his achievement, and we are proud to have him as a member of our team. The Comrades Marathon is a long distance marathon that takes place annually in South Africa. The 2023 race was held on June 11th, and it was a down run from Pietermaritzburg to Durban. Sanele's accomplishment is impressive, as the race is known for its gruelling terrain and challenging conditions. Sanele's achievement shows his hard work and dedication. Winning a medal in the Comrades Marathon requires months of training and preparation. Sanele's success is a reflection of his commitment to excellence and his passion for running. We are thrilled to have Sanele as part of our hospital staff. His dedication and hard work are an inspiration to us all. We congratulate him on his achievement and look forward to seeing what he accomplishes next.

Thank you for to all the staff for their kindness and generosity in supporting Mr Wayise's participation in the Comrades Marathon. Your donation has made a significant difference in helping him purchase the necessary essentials for the race.

L-R: Bulelani Ngwangi and Dumisani Sithole congratulating (in the middle) Sanele Wayise—Silver Medal Winner of 2023 Comrades Marathon

EFFECTIVE COMPLAINTS MECHANISM : ESSENTIAL FOR A VARIETY OF REASONS

T

he Hospital Complaints Mechanism is an important tool for patients to voice their concerns and complaints about the healthcare they receive. It is the responsibility of the entire management and the staff to ensure that the complaints are handled in a timely and profes-

sional manner. One of the critical issues is that patients and their families must have confidence in the system, knowing that their concerns will be taken seriously and addressed promptly.

On the 20th of June. The PRO, Mrs Phumza P. Morai engaged in a radio talk, informing the members of the community about the com-

plaints mechanism. The radio discussion was structured in a way that allowed questions from the radio presenter and she shared valuable information with them. We hope that people will gradually learn to voice out their concerns so that issues can be dealt with and problems addressed.

A robust hospital complaints system is crucial for a variety of reasons:

- **Ensuring Accountability:** It ensures that healthcare providers and institutions are held responsible for their actions and choices, promoting transparency and building trust.
- **Enhancing Quality of Care:** Patient feedback can pinpoint recurring problems, aiding hospitals in enhancing the quality of the healthcare they deliver.
- **Empowering Patients:** It gives patients the ability to express their concerns, guaranteeing that their needs and rights are honoured.
- **Offering Legal Safeguards:** A well-established complaints system can serve as a preventative measure against legal action by addressing issues before they escalate.

PSH NURTURING TOMORROW'S HEALTHCARE LEADERS :

The Journey of Sheppie High School Learners

On the 20th of June 2023, three bright and ambitious learners from Sheppie High School embarked on a journey of experiential learning that will undoubtedly shape their future careers. Amahle Qwabe, Phumeza Mkhize, and Luema Tshikila set foot in our hospital, eager to gain

a first-hand understanding of how health services are rendered. They said this experience promised to equip them with insights and helping them make informed career choices while understanding the challenges and rewards of working with patients in a hospital setting. On completion of their one week training, they re-

ported that the journey had not only enriched their knowledge but has also ignited their passion for healthcare. This experiential learning opportunity has undoubtedly left a lasting impression on Amahle, Phumeza, and Luema. We wish them all the best for their future endeavours.

PSRH NURSES EMPOWERED WITH ADOLESCENT PSYCHIATRY TRAINING

In observing Mental Health Awareness Month in July, the Clinical Education and Training Unit (CETU) department of Port Shepstone Regional Hospital recently arranged a training session. The purpose of the session was to provide nurses with the necessary knowledge to effectively recognize and refer children who show indications of mental illness.

The session was led by professional nurse Sithembile Promise Mhlongo, a highly skilled nurse specializing in child and adolescent psychiatry. During the training, Sister Mhlongo shared invaluable insights into the realm of child psychiatry. She emphasized the utmost importance for the nurses and the parents as well to remain vigilant in recognizing various behavioural issues exhibited by children. Specifically, she advised them to carefully assess these behaviours for a duration of

three months or longer. Should these undesirable behaviours persist, it is essential to promptly seek professional help where the child can be assessed and treated by visiting the nearest clinic or consulting with a doctor. Sister Mhlongo emphasized that mental disorders in children are initially identified during infancy, childhood, and adolescence.

“It is crucial to prioritize early intervention and treatment to promote healthy development and ensure a brighter future for children facing mental health challenges, stated Sister Mhlongo. On seeking medical attention, children will undergo comprehensive developmental screening, a process designed to monitor their physical and psychosocial growth.

This screening helps healthcare professionals assess whether the child is progressing appropriately for their age and tracks developmental milestones. The information gathered through these as-

sessments allows for a more accurate evaluation of the child’s overall well-being.

The training session not only broadened our nurses’ awareness but also empowered them to play an active role in ensuring the mental well-being of young patients. By increasing awareness and enhancing the capabilities of healthcare professionals, we can create a nurturing environment that supports the holistic development of young minds.

Numerous factors were counted as contributory factors to the development of mental illnesses in children. These include dysfunctional families, societal influences, home environments, instances of bullying at school, involvement in car accidents, and experiences of loss within the family.

PORT SHEPSTONE HOSPITAL CONTINUES TO MAINTAIN ITS Baby-Friendly Status

The Baby-Friendly Hospital Initiative (BFHI) is a global program launched by the World Health Organization (WHO) and the United Nations Children's Fund (UNICEF) in 1991 to encourage and recognize hospitals and birthing centers that offer an optimal level of care for infant feeding and mother-baby bonding. The initiative recognizes hospitals that have implemented the Ten Steps to Successful Breastfeeding and the International Code of Marketing of Breast-milk Substitutes.

Port Shepstone Hospital has held the designation of a Baby-Friendly Hospital since 2018. The hospital has fully implemented all ten steps for the successful promotion

of breastfeeding. The breastfeeding steps encompass having a documented breastfeeding policy that is consistently communicated to the entire healthcare staff, training all healthcare personnel in the requisite skills to put this policy into practice, educating expectant mothers about the advantages and management of breastfeeding, facilitating the initiation of breastfeeding within the first hour of a newborn's life, demonstrating breastfeeding techniques and methods for sustaining lactation, even in situations where mothers and infants may be temporarily separated.

Furthermore, the hospital follows guidelines that involve not providing newborns with any nourishment or fluids aside from

breast milk unless there is a medically warranted reason to do so. Port Shepstone Hospital practices rooming-in, permitting mothers and infants to stay together around the clock. The hospital promotes breastfeeding on-demand, abstains from providing pacifiers or artificial nipples to breastfeeding infants, and actively encourages the formation of breastfeeding support groups while referring mothers to these groups upon their discharge from the hospital or clinics.

OUR COMPLIMENTS' PAGE

This page serves as a moving reflection of the remarkable commitment and resilience demonstrated by our staff when serving the patients. It highlights the steadfast encouragement from our patients, and the community we serve which is shown by the numerous stories of our hospital's exceptional service.

O-Ward : I would like to compliment the following staff: Dr Bechoo and sister Ismail on their outstanding assistance and support during the time of my mom's diagnosis (condition stated in the letter) . They are passionate about what they do and their service is great. On behalf of my family, I'd like to place on record our appreciation to them and all staff at GOPD.

From: Claudet Arujunan

Ward 2: I've been transferred from O-Ward to this ward two days ago. All the nurses were wonderful. I have enjoyed my stay. In Ward 2, nurses are working very hard to see us patients recovering. Thank you so much to you all.

Keep up the good work!

From: Silindile Skhosana

Cleaning services: I would like to compliment the hospital on it's exceptional cleanliness. I have never seen a public hospital so neat and spotless.

Keep up the good work !

I am very satisfied!!

From : Sajieda Mohamed

CCU: A young, beautiful and ever smiling nurse Ngubane took good care of me. It was really nice to be in their midst. I noticed team work amongst the staff. When one goes on lunch others take over and continue with the work. How can I forget sister Naidoo and nurse Majola, they were very friendly, assisting me with everything.

From: Yolisa Sontsele

TCC: Ngifikile e Thuthuzela ngasizakala ngendlela emangalisayo. Bangisiza kahle o nurse kwaze kwafinyelela kuye u dokotela. Naye wangisiza kahle. Umntwana ujabulile futhi akasafani nangendlela ebengifike naye eyiyona.

Ngiyabonga!!

From Phiwokuhle Mkhwanazi

Psychiatry : Sister Mhlongo , I just want to make a positive comment about you. She does her work quietly with patients . She has no time to sit down to talk and share what they see on their phones. She is always on both her feet, moving swiftly from one point to another. She is full of energy and deserves a big something. From Constance Nyawuza

Gateway Clinic: As a patient and a volunteer I come to the hospital at least every month. To nurse N Singh and all the rest of the staff A BIG THANK YOU!! For all the years that I bring the people in, sister Singh is always so kind and patient. Even though some patients are rude and disrespectful when they are in pain, but she remains patient and professional.

From: Sharmin Nassiep Khan

Nursery: Ngyabonga kakhulu kubasebenzi nodokotela base NICU. Ngibonga impatho nesineke abangiphe sona nokusindisa impilo yomntwana wam ezelwe emncane kakhulu, futhi kungathembisi, kodwa ngenxa yosizo lwabo uye walulama. Ngiyabonga kakhulu, uNkulunkulu anibusise nemindeni yenu. Enikwenzile, nikwenze nakwabanye. Phambili kubasebenzi base NICU ne Port Shepstone yonke. From Zibuyile Msomi

Eye Clinic. Thanks to all Eye Clinic staff which include nurses and doctors. They are loving, friendly caring and helpful. The service and treatment is outstanding. I'd like to thank the doctor for the cataract operation done on my eye. I can now see perfectly. Thanks to all the staff and keep up the good work! The department is also very clean. May God Bless you all. From Govindammah Naidoo

OUR COMPLIMENTS' PAGE

Ward 3: Nginyanibingelela ngesibingelelo esithi makadunywiswe uJesu Kristu. Ngicela ukubonga abahlengikazi balapha e ward 3 ngokungihlengela umzala wami owabasengozini yemoto nozakwabo u Cwenga. Ngiyabonga akhulu. Ngiphinde ngincome odoketela base Port Shepstone esibhedlela bonke uNkulunkulu ababusise kakhulu ngomsebenzi wabo. Abaphe uxolo nokubekezelelana.

AMEN, obhalile uNombuso Mchunu

Nursery: Ngiyabonga kakhulu ukuba kulendawo, umntwana wami ubethole Usizo oluseqophelweni. Ngibonga kakhulu kwiwadi yonke ngomsebenzi wabo omuhle.

Ngiphatheke kahle kakhulu kusukela ngo-February kuze kube imanje. Inkosi ibusise nonke kule ndawo ngiyabonga.

Obhalile Lukhozi Baphumelele C

Casualty: We are so grateful to the security for assisting us upon arrival to Phindile Precious Ngubane for admin support and opening a file. Special thanks to Dr Cele, Ntombela and Dr Naicker for their professional and thorough examinations, tests and diagnosis. My best experience at any Hospital including private was at Port Shepstone Regional Hospital. Excellent cleaning services. By Sophia Margaretha Bester

Ward 3: On the 25th of February I was excited and very happy due to very good and excellent services from all the nurses and doctors in Port Shepstone Regional Hospital. I was attended to and admitted by my doctors and nurses of Port Shepstone Hospital. They are active and helpful. Excellent service by Sister Govender, Mawaba, Zamisa, Khathi, Snehlanhla, Ntokozo. By Nobuhle Cele

ICU: I would like to thank the hospital for their hard work in taking care of the patients. My grandmother Nomakhosi Ngcobo received amazing service. They were willing to explain and listen. In hard days they gave me strength. Thank you so much for the love you have of your job. May God continue to strengthen you in doing your jobs with love. By Wendy Zandile Ngcobo and family.

O-ward: Abahlenikazi bala ekhaya balungile basiphathe kahle. Ngicela ukudlulisa ukubonga kakhulu baqhubeke njalo babenobuntu. Bayawuthanda umsebenzi wabo bonke. Ngiyabathanda kakhulu ngokuhlenga impilo yami. Inkosi ibabusise kakhulukazi e-O-ward.

Obhalile uNokwanda Bulose

ICU: I would like to thank the team of surgery doctors and nurses who have worked hard and operated on my brother. Even though my brother has passed away tragically during the time he was in ICU, I would like to give sincere thanks and appreciation to the hospital team for their professionalism and the manner in which this incident was handled. By Jackson Pentecost

Eye Clinic: We would like to thank you so much for everything. A special thanks to Sister Fayela: what an amazing person! There were no complaints at all as everything was well organised.

By: Cecilia Gouws Harriet.

TCC: Ngicela ukudlulisa ukubonga ngothando nesineke abangiphe sona ngomhla ka 1 June 2023. ngize ngabe ngiyalulama ngenxa yosizo labasebenzi engafikela kubona emva kwesihlaka, ababesebenza ntambama nange weekend. Uthando abangipha lona nosizo, ngazizwa ngifikelwa yithemba ngobasisimo engangikusona sasingsihle kahle. Ngiyacela mphathi wesibhedlela usigcinele abantu abanje ngalaba. By Zamokuhle Mata

Gateway Clinic: To Nurse N. Singh and all the rest of the staff: A BIG THANK YOU! Nurse Singh for all the years that I bring in people is always so kind and patient, even though some patients are rude and disrespectful when they are in pain, she remains patient. Thank you to all the staff of Port Shepstone Regional hospital.
