**CELEBRATING
MANDELA'S
BIRTHDAY (67
minutes)**

Giving back to the community

St Francis Hospital decided to raise the flag of giving back to the community by using the 67 minutes for celebrating the Mandela day.

On July 18, many people from different parts of the world celebrated Nelson Mandela's birthday. What a tribute to a man who has come to epitomise struggle for justice and commitment to the poor and oppressed. He requested that each person dedicate 67 minutes (representing the number of years his political career that he dedicated to the struggle for justice) in service to the poor and vulnerable in their communities.

St Francis was fortunate to pay their visit to disabled people at Zisize care center to spend the 67 minutes.

We decided to spend this 67 minutes at ZISIZE CARE CENTER for the disabled. Miss Zethu Ndwandwe—Acting PRO and Nozipho Mbatha—PRO inserve opened the ceremony with prayer, and she thanked Mrs L.P Msimango –Social worker at St Francis for participating, and making sure that the day is well spend and memorable to the disabled of Zisize care center. We made this day for them by giving them fruits and snaks and sanitary towels for girls, they were much happier to se that they are not forgotten but they loved by St Francis staff, and they enjoyed to be with us and it was a great pleasure for all of us.
