Clinic Committees

Training

Clinic Committee Members were actively participating during training.

On the 19th—23rd August 2019, St Chads CHC coordinated a clinic committees training at Ward 27 Tusong Centre. The aim of the training was to empower clinic committee member's knowledge and the roles they play as health governance structures.

Training was a success even though there were challenges, but urge for knowledge didn't stop a consistent attendance of the committees. Clinic Committee members were actively participating in all activities and there were able to engage with facilitators about the challenges they encounter in their clinics and their achievements .

St Chads CHC management came to the training venue to greet and welcome all the members who were present. They encouraged them to work together in making their health facilities a better facility for their communities. Mr. M Ndamane, a local Ward Cllr also graced one of the days with his present and he encouraged clinic committees to learn and gather as much information as they need from their facilitators.

Clinic Committees Training

Clinic Committees were attentively listening to the facilitators.

St Chads CHC Management visited the venue.

St Chads CHC CEO/Medical Manager thanked all the committee members for availing themselves for the training .

Ward 27 -Local Cllr. Mr M Ndamane graced one of the days with his presence.

Members of the

“You don’t get anything clean without getting something else dirty.”

PHC Supervisor giving food parcels and clothes to the identified family.

There can be no greater gift than that of giving one’s time and energy to help others without expecting anything in return. St Chads CHC Management and staff members spent their 67mins at Ekuvukeni with the aim of scrubbing floors of the clinic and donating food and clothes to one family which was identifies by a Community Health Worker (previously known as CCG).

On the 18th July 2019, CHW along with St Chads CHC team left joy and happiness to Ntuli family by donating food and clothes. That is how the CHC decided to spend their 67 minutes as part of Mandela Day by giving to a needy family and cleaning the Clinic. Teas of were of joy were build in the family. It was indeed a successful and beautiful day for St Chads CHC.
