New partnership for Simunye Clinic

Sr P. Sangela from Simunye Support Centre

tre responded by saying that the NGO would help drive VCT programme by taking children in for testing.

“In this way children could be brought on the programme to access treatment early.” she added.

The orphanage will also work hand in hand with Simunye Support Centre by referring children who are in need for ARV work up.

More about Zibambele...

Zibambele Noah’s Ark Orphanage is situated at

Ikhwezi in Umuziwa-bantu and attends to 180 children.

The orphanage has volunteers who clean, cook and take care of the children.

The Welfare Programme Group is also among other groups who help out at Zibambele by providing the soup kitchen for all ARV clients from Monday to Friday.

The aim and vision of this orphanage is to offer a support system for orphans in the area.

Simunye Support Centre which has several existing partnerships with different NGOs has now formed a new partnership with Zibambele Noah’s Ark Orphanage.

When asked about the benefits of this partnership with Zibambele Sr Sangela from Simunye Support Cen-

St Andrews bids farewell to Mrs S.G. Dlamini

On the 31st of January St Andrews Hospital staff bid farewell to the recently retired Quality Manager, Mrs S. G. Dlamini.

The party started off with a wonderful sermon that was conducted by Father M. Khumalo and then it different speeches from her colleagues and the hospital management followed. Different staff members showcased their talents when they entertained the audience with music and dance.

JOKES!!!!!! JOKES!!!!!!!!!!JOKES!!!!!!!!!!

A man was asked to call an ambulance because his wife was in labour and eventually she gave birth (twins) while at home.

A message was recorded while calling for an ambulance "Come ambulance come, a woman is giving birth to a baby and a spare!".

#####

After having failed his exam in "Logistics and Organization", a student goes and confronts his lecturer about it.

Student: "Sir, do you really understand anything about the subject?"

Professor: "Surely I must. Otherwise I would not be a professor!"

Student: "Great, well then I would like to ask you a question. If you can give me the correct answer, I will accept my mark as is and go. If you however do not know the answer, I want you to give me an "A" for the exam. "

Professor: "Okay, it's a deal. So what is the question?"

Student: "What is legal, but not logical, logical, but not legal, and neither logical, nor legal?"

Even after some long and hard consideration, the professor cannot give the student an answer, and therefore changes his exam mark into an "A", as agreed.

Afterwards, the professor calls on his best student and asks him the same question.

He immediately answers: "Sir, you are 63 years old and married to a 35 year old woman, which is legal, but not logical. Your wife has a 25 year old lover, which is logical, but not legal. The fact that you have given your wife's lover an "A", although he really should have failed, is neither legal, nor logical."
