NELSON MANDELA CENTENARY 2018...

BE THE LEGACY

Tongaat CHC management and staff embarked on a project to help out two crèches from two underprivileged catchment areas. The two crèches were Siyabakhulisa in Magwaveni area and Sikhulangolwazi in Umbhayi area.

It was noticed that these two crèches do not have the same needs as the infrastructure from Umbhayi area was much better than the one in Magwaveni. Team effort gave birth to success as TCHC staff members and their families donated towards the Mandela day cause.

What was initially known as giving 67 minutes of your time turned out to be 67 hours for the team that were working on this day. The team worked tearlessly even before the 18th July to ensure that everything went on smoothly.

The infrastructure in Magwaveni left everyone in dismay especially since the place had children as young as 4 months and the oldest were 5 years. The windows were broken, there were wholes in the walls and the crèche had no shelves to keep the belongings and lunches for the little ones.

The crèche in Umbhayi was given few items including toys, goodie bags and a few cloths.

The team worked under the theme “No matter how small your action, Mandela Day is about changing the world for the better, just as Nelson Mandela did every single day.”

The day became a joyous one for the owners of the place as well as the kiddies since they were busy playing and dancing while the team was busy revamping the place.
