TURTON CHC FILING SYSTEM

Mrs N Gwexe, Mrs S Govender, Mrs NC Mkhize and Mrs M Mnguni excited about the filing system

Handing over of a filing system at Turton CHC

Turton CHC had a problem of an increase in number of complaints. Every time when the management is managing the complaints most of them were for the waiting time and misplacement of files. The main problem for Turton was their filing system. This was then reported to the District Director Mrs N C Mkhize who approached Broadreach which is a supporting partner for the Department of Health in Ugu District.

Broadreach then came up with the strategy of the filing system. They donated shelves and labels to Turton and also looked for the service provider to install the shelves and re-arrange the card office to be user friendly.

This was handed over to Turton CHC on the 31th October 2016. Mrs NC Mkhize and a Manager for Broadreach Mrs M Mnguni also attended the hand over.

Mrs Mkhize thanked Broadreach for coming on board in assisting the CHC. Now clients do not have to wait long hours for the files before being serviced. The system is contributing a lot in reducing the complaints and the clients are now very happy because their files can be retrieved easily..
