## ***UNTUNJAMBILI HOSPITAL CHORAL MUSIC***

Untunjambili hospital finally formed a choral music group in 2016. This was just the beginning and the group is promising to up the standard next year 2017. In the iLembe District Choral Music Competition, they managed to bring home a no 3 in Western and Traditional song that they were performing. They decided not to compete with all three songs but two instead.

## **HOSPITAL EVENTS**

### **BREASTFEEDING AWARENESS AT NGCOLOSI SECONDARY SCHOOL.**

The Department of Health in South Africa celebrated the breastfeeding Week from 1-7 August 2016. The Hospital of Untunjambili also did not sit back and relax, but managed to do at least 3 campaigns and a big Event. The first campaign was done at Ngcolosi secondary School. Mr. Myaka (Principal) opened his hands to the Breastfeeding Campaign from the hospital to

implement this breastfeeding habit to learners so they can assist their breastfeeding parents. Learners and Educators were asking question that are related to their experience at home. Most of them were aware but did not understand how to sustain a breastfeeding for the recommended duration and some of them were unaware that the service is available at Health Centre's when they are facing problems concerning breastfeeding . Grade 10-12 benefitted a lot from the Campaign. Presentation was done from class to class by Ms. Y. Skhafungana (Dietician) and Ms. SGW Mthembu (PRO)

# BREASTFEEDING A MUST (TRAININGS)

## AWARENESS IN UNTUNJAMBILI WARD 01 WAR ROOM 02/ 08/2016

Presentation took place within the Hospital. The targeted audience was both clinical and non-clinical staff. They were willing to listen as we all know that knowledge is power as most of the attendees were young mothers. They were many things discussed about breastfeeding that opened their eyes that they can control the normal growth of their kids. They asked questions that will assist to correct the wrongs they have done before they the correct way of breastfeeding. They now know that a good mother is the one who wants what is best for their families, especially the background of baby counts in his/her life forever.

## BREASTFEEDING AWARENESS IN UMBHEKANSI CLINIC

### **UMBHEKAPHANSI CLINIC BREASTFEEDING AWARENESS 04/08/2016**

The community in Umbhekaphansi clinic attended the awareness. The Umbhekaphansi Community will never be the same after getting some lessons on how to breastfeed. They were grateful to get such training although it was adding the information they get when they are visiting Ante- natal Clinic during their pregnancy, but the awareness revived their skills of breastfeeding. It is clear if you see the picture that these mothers know exactly how to breastfeed.

## **UNTUNJAMBILI HOSPITAL HOSTED** **BREASTFEEDING EVENT**

Untunjambili community breastfeeding mothers came to listen to what Ms. Y. Skhafungana teach them about the importance of breastfeeding their kids and giving support.

The Breastfeeding event was hosted in uNtunjambili Hospital Ante-natal Ward (ANC ) on 05 August 2016, all mothers were so happy to demonstrate it. The result of such excitement were showing the high level of breastfeeding implementation. The good news of breastfeeding was spread to both the internal and external. The attendance of breastfeeding mothers was amazing. Mothers demonstrated in front of each other explaining each and every step and they were prizes to be won by those who participated on the quiz. All mothers got their babies some toys as gifts to play at home.

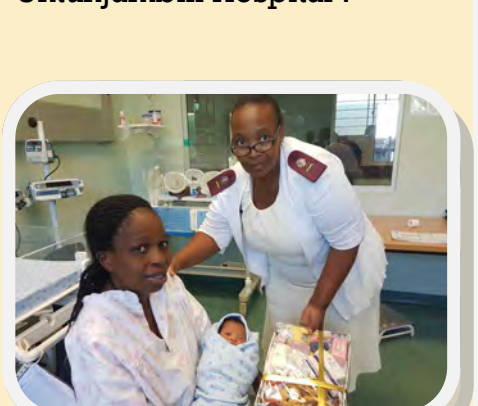

Pamphlets and gift for the kids . Ms. L.O. Ngubane asked questions on was said during the learning session and were rewarded with gifts.

## THE CHRISTMAS BABY YEAR 2016

Congratulations to all the mamas who got beautiful babies during Christmas time. Thank you Maternity staff for your dedication at that busy time of the year. Your families needed you but you committed yourself to do a wonderful job, helping mothers to deliver. ANM IMF Buthelezi was giving them hamper gifts from Untunjambili Hospital .

## **UNTUNJAMBILI HOSPITAL CHRISTIAN FELLOWSHIP WAS LAUNCHED WITH A SUCCESS**

Untunjambili Hospital launched the Hospital Christian Fellowship (HCF) with a success on 17 August 2016, and to this date the HCF is operating well. All staff is welcome to be part of the Fellowship.

In the book of Acts 3:12 The salvation is to be found through Jesus alone, in all the world there is no one else whom God has given who can save us.

Acts 2: 42 In the early church, one of four objectives was to fellowship. This means that fellowship was not a man's decision but God Himself wanted it to be done by his people.

FROM UMHUMULO HOSPITAL

This was not a waste of time but most people benefitted spiritually. Thank you to all who attended

The anointed man of God Vela Xulu emphasized the importance of accepting Jesus as a Savior, while Ntokozo was on sound system. It was never a waste of time, people went back to their places knowing that they need to work for eternal life. Thank you to Man of God, Chaplain Nzama who preached the about the Living God.
