2nd pic: From left are: 3 ILembe Health District Officials who came to support and witness the celebration, CEO, DDG– Mr. M.M. Zungu & Untunjambili Hospital Management.

Seen on the 1st picture:  
CEO-Mrs C.N. Ndadane who was appreciating the staff for their hard work that led to Award winning

3rd pic: Standing is Medical Manager Dr. A. Subrati, 4th pic: Program Director- Mr. S. B. Shezi, Pics below: Staff was singing songs of praise and worship, rejoicing the win

Guest Speaker–Mr. M.M. Zungu (DDG) purposely took a wrong direction to Facility passages instead of going to the CEO's Office, and all he noticed was the Cleanliness and professionalism from the Security Officers who directed him to his destination. He encouraged Management to enter for all Departmental Awards because they had all that it takes to compete with other facilities and are ready for NHI. He was so impressed to see a deep rural area facility with such positive staff attitude.

### UNTUNJAMBILI EXCEL ON THE OUTREACH PROGRAM ( MAMBULU OPEN DAY)

Untunjambili hosted Open Day at Umbhekaphansi High School in Amambulu Area on 22 May 2019.

The CEO– Mrs C.N. Ndadane explained to the community the reason they chose to visit the Amambulu Community. She explained saying that they went to keep the promise and render services to the unreachable Community.

The +-101 community members that attended made Officials feel that they have done something that had been a need to the community living in the Area. They were happy to see the DOH Officials visiting their undeveloped area. and that raised high hopes that the Clinic will be built one day.

#### **Patients were screened for:**

- ♦ Eyes, BP, Diabetes & HIV testing

#### **♦ Health Education/**

**information Shared:** Dental Therapy, MMC, HPRS, OT, Social Services, HR, Complaints Procedure, AYFS, Family Planning & EMTCT

Appreciation goes to Eyethu Trust, who donated meals.

Ikhwezi Local Radio Station who assisted to extend the invitation to the Community and availed themselves to the event to conduct live radio interview.

Untunjambili Hospital held Autism Awareness that talked to the Community within the hospital, Mphise and Amandlalathi clinic in commemorating with World Autism Awareness Day which was on the 02<sup>nd</sup> of April 2019.

The autism was explained as follows:

Autism Spectrum Disorder (ASD) is a genetic condition which causes abnormal brain development and function. This affects how a child speaks, behaves, plays and learns at school and at home. The common signs of ASD are:

- ♦ Unusual habits e.g. flapping or rocking
- ♦ Trouble with speaking or appears deaf
- ♦ They may suddenly laugh or cry for no reason
- ♦ Likes playing alone
- ♦ Can be attached to inappropriate items
- ♦ Can't maintain eye contact during conversation

Anyone who may be presenting with these signs is advised to be assessed by a doctor at their nearest clinic or hospital.

⇒ The Occupational Therapy Department would like to extend their gratitude to the Paramed Team for assisting with the awareness day.
