TB AWARENESS EVENT

Untunjambili Hospital and Gateway Clinic had together hosted a TB Awareness Event on 24 March 2021. The Month of March is known as World TB Month.

It was noted that the whole world had suffered the Lockdown and people got depression and stopped taking their TB treatment, as a result the TB never stopped spreading and killing during that time. The hospital and Clinic decided to host the awareness that was bringing to the attention of the clients that the disease still kills. Gateway OMN-Sr Thembani shared different topics such as TB Awareness, PREP, STIs, Teenage Pregnancy, CCMDD Program, Sr.

AMANDLALATHI CLINIC COMMUNITY MEETING

Untunjambili Hospital Management visited the Community of Amandlalathi on 22 April 2021. The support visit was meant to cascade information on the vaccination rollout and VDS registration, SAM cases, importance of attending Antenatal Clinic before 20 weeks.

Everything went according to plan and the community appreciated the visit by Management and Clinic. Seen on the pictures from top left: CEO C.N. Ndadane, DMN K. R. Mthimkhulu 3. M&EM GTD Mthethwa, OMN N.D. Libela, Rev. K.S. Nzama, Mr. N. Bhengu (Clinic Committee member), Amandlalathi Clinic Choir and the two bottom pictures on the left side is the Community.

MPHISE CLINIC COMMUNITY MEETING

Mphise Community was a great time sitting with Untunjambili Hospital Management raising issues, asking questions and making suggestions on the different topics. The meeting took place on 29 April 2021 in Mphise P. School Hall.

Ward 3 Councilor Mr. Mchunu chaired the meeting very well, when Untunjambili Management joined the Men's Forum that sits every Thursday. The purpose was to cascade information on different health issues. DMN shared information on Medical Male circumcision, SAM cases, expecting mothers to visit ANC Clinic before 20 weeks, vaccination rollouts and VDS registration. Visiting the Community raised hope because they felt very important to the government even though they had their concerns on the delay of the vaccination rollout. Mr. GTD Mthethwa (M&E) was making sure Covid 19 protocols are maintained, Sr Ntuli and Luthuli gave lists of Areas where VDS registration was going to be conducted

FIRST STAFF GENERAL MEETING REGARDING
VACCINATION PREPAREDNESS.

Untunjambili Hospital had invited employees to the meeting on 09 April 2021 in order to prepare them for vaccination. DMN-Mr. K.R. Mthimkhulu was leading telling the staff about all the advantages of taking the vaccine. He mentioned that there will be side effect to some staff e.g. fever, loss of energy, general flu symptoms, tiredness etc. it is not everyone who will experience side effects. Side effects will have to be reported.

Even though it is in human's nature to fear for the unknown, some of the staff were patiently willing to take their shot of vaccination. It was a nice music to their ears that they were arrangements for them to be vaccinated, because bad experience everyone went through during the spread of virus. **Thank you Department of Health for always prioritizing DOH Staff**

SECOND STAFF GENERAL MEETING REGARDING
VACCINATION PREPAREDNESS.

Untunjambili Management shared the good news during the staff General Meeting hosted on 29 April 2021. M&E Manager was the program director for the meeting when Spokesperson Mr. K.R. Mthimkhulu-DMN explained about the rumors of vaccine forming blood clots in the brain. He said during the research it was found that icovid-19 itself is forming blood clots.

He then gave information about the difference between Johnson & Johnson and Pfizer vaccine saying J&J is only one shot but Pfizer you get one shot and the second shot after 6 weeks

Category phase 1B will benefit to all health employees as from 01 May –15 May and on 17 May-16 November 2021 Will be for 60 years and older to vaccinate. He requested for all staff to play a roll in making sure that all targeted groups are registered on the website. Everyone is allowed to vaccinate even if you have been infected before. He introduced the consent form that is designed by staff clinic to be signed by staff members that will not be interested in vaccination. The vaccine last for 120 hours in a freezer then 6 hours in fridge and 2 hours in a cooler box, by so saying he was encouraging the staff that once they receive confirming SMSes they must make sure they get to their vaccination sites according to date and time shared on the sms. The staff that has registered was advised to reregister in order to update the details.

**Enough is enough,
this world has lost
so many lives, it is
time everyone takes
action against
covid-19.**

**‘LET US
VACCINATE’**

CLINICAL STAFF CONDUCTING RESUSCITATION WORKSHOP EVERY THURSDAY

Untunjambili Hospital Clinical staff is conducting Resuscitation workshop every Thursday.

Left: Intern Medical Officer , Dr. Phunzana

Right: Intern Medical Officer, Dr. Singano

Both were demonstrating the Resuscitation for adults and neonatal.

Below pictures: Clinical Staff were attentively listening and watching.

Topics covered so far were

- Resuscitation for adults and neonatal
- Shock and dehydration
- Pre edampsia
- Seizures

Medical Manager-Dr. A. Subrati is the Driver, he said the purpose of the workshops

Is to empower staff with updated knowledge for the benefits of patients.

He invited all staff to the training sessions which covers a variety of Clinical and non clinical topics. They wish to assess as many staff members as they can, they will also cover IMAM and ETAT.

Medical Manager-Dr. A. Subrati thanked the Dr. Phunzana and Singano for their hard work and contribution to patient care. He wishes them all the best on their journey to success.

LOCAL PASTORS AND TRADITIONAL HEALERS VACCINATION WORKSHOP

Pastors and Traditional Practitioners had a good time with Untunjambili Hospital CEO- Mrs C.N. Ndadane, Management, Sr. Z. Mbatha (OHSC) and Sr. L.O. Ngubane (PHC Trainer) when they were equipped on how to follow Covid-19 regulations.

The workshop took place on 09 April 2021. They were advised to preach to their clients that vaccine is there to protect them from catching Covid-19 virus. They were taught the importance of social distance, wearing of masks and hand hygiene when consulting to the patients.

The workshop was fruitful to them because they were asking questions to the right people, the DOH Professional Officials.

STAFF RECEIVING THEIR VACCINATION ROLLOUT

Untunjambili Hospital has started vaccinating Senior citizens from 60 years and above on 17 May 2021, the staff also started receiving their shot from 17-19 May 2021

The rollout was amazing, there is no vaccine that was reported to be remaining in the fridge instead the hospital finished their first share in just two days and were asking for more.

MRS C.N. NDADANE
UNTUNJAMBILI
HOSPITAL CEO

Untunjambili Hospital Vaccination Team had started vaccinating with a high note. They did 90 clients on the first day 17 May 2021, 84 on the second day 18 May 2021.

The motivational talks with the staff during staff general meetings prepared the staff enough. They were happy to receive all information prior the arrival of vaccine.

It was amazing the way CCGs and OHSC Team worked hard to help registering the community. The Team was so proud to see how much they have worked

“Well done Ntunjambili”

HOSPITAL MANAGEMENT TEAM BUILDING PARTY

GOOD LUNCH BY CEO

The CEO Mrs Ndadane brought good lunch for Managers during Management meeting on 11 February 2021.

She lead by example to revive the Spirit of togetherness. It showed guidance , strength and it inspired Management Team around her.

The impact of leading by example surely brings good results when expecting people to deliver and push forward to the greatness. All Managers had something to say as to give her feedback on how she is leading people. Her Leadership skills are to be copied and practiced, "STAY HUMBLE CEO"

REST IN PEACE MR L.M. BHENGU

Amandlalathi Clinic has lost the General Assistant Mr. L.M. Bhengu who worked from 01 June 1995 till his death 25 March 2021. He was born on 10 October 1966.

Mr. Bhengu worked at the Clinic for 26 years. His character was amazing because he was humble and he could do whatever it takes to ensure the compliance of the Clinic. He would obey and do anything that the Clinic Seniors were asking him to do.

During his lunch he would go to check if the ladies cleaning his church are cleaning it properly. He was a clean person who loved jokes, work, family and church. They lost Mr. Bhengu when people like him were needed the most, he will forever be missed.

“May his soul rest in peace”

**UNTUNJAMBILI HOSPITAL****IQHAWELETHU NEWS****MESSAGE BY HOSPITAL
CEO-MRS C.N. NDADANE**

“To the management and all the staff, thank you very much for your dedication and support during covid-19 second wave which was very demanding and draining, you went beyond the call of duty to ensure that our colleagues and the community we are serving are well taken care of, even when at times you had to be on duty 24/7 you never complained. May our God reward you in due course. As we are now embarking on vaccination program, I have no doubt in mind that we will

cover our expected target in due course. We will also be able to overcome all the dynamic that will come with program given the geographical diversity of our catchment.”

**UNTUNJAMBILI HOSPITAL****IQHAWELETHU NEWS****COVID –19 WAVE NO 2 PRAYER**

Untunjambili Hospital had hosted a Thanksgiving prayer on 09 April 2021 appreciating God that no staff passed on during wave 1 and wave 2. During wave 1, the facility was a 100% covid-19 site. The staff and community were very traumatized. The management strengthened covid-19 precautions and the results were amazing. During wave 2, some of the staff were infected but the grace of God was on their side. Appreciation goes to MEC Ms. Nomagugu Simelane and Team, ILembe Health District and staff. The facility thank the Almighty who lead their journey when they needed Him the most. Rev K.S. Nzama (Chaplain) has been so supportive with prayers, motivations and one on one counselling to the staff.
