COMMEMMORATION OF WORLD AIDS DAY

"Wonkumntu makazazi isimo sakhe sezempilo"

World Aids day was commemorated with the theme of healthy life style in the hospital. The day should have begun with a walk from the hospital main gate to Ezingwenya Community and back to the hospital which is about +/- 5 km . The weather was against our plans but that did not ruin the planned campaign. The rainy weather forced a change of plans. The day then began with aerobics which was done as part of healthy life style that is encouraged to everybody. Community and patients in Out Patient Departments attended the event.

Sister Jackson, the Operational Manager of ART/Programmes Unit explained the purpose of the day. She encouraged everybody to know his/her status. She further explained that testing for HIV is now part of checking vital signs e.g. BP, Weight, Height and sugar diabetes. "It is the responsibility of every health worker who sees/attends the patient with file to check if patient is tested for HIV in the hospital.

16 DAYS OF ACTIVISM CAMPAIGN

With the theme “Count Me In: Together Moving a Non-Violent South Africa Forward”, on 05 December 2017 Catherine Booth Hospital human capitals walked within the hospital from Out Patient Departments (OPD) to Multi Drug Resistant (MDR) section singing songs against women and child abuse as part of the 16 days of activism campaign.

Walk was led by Mrs Samkelisiwe Ngubane the Social Worker of Catherine Booth Hospital and was joined by patients in OPD and ART. She then delivered a speech on 16 Days of Activism in OPD where community gathered. People were advised to sort out their differences peacefully at home to avoid violence at home . She further explained that if a woman is ill-treated at home, she then takes her anger out to her child which can be regarded as child abuse. People were encouraged to report any type of violence/abuse that they notice in the community in order to protect women and children.

MESSAGE FROM THE CEO'S OFFICE

The year has come to an end, there were lots of hiccups and achievements in the work place. This is due to the positive effort and dedication of all staff members who works tirelessly despite of the challenges of staff shortage and others.

The functioning of the Public Relations Office depends merely on the positive attitude from staff. I would like to thank all staff members for their positive attitude towards patients care as we are receiving positive response from our clients regarding patients care. Teamwork is much appreciated. I wish you all a Merry Christmas and a prosperous New Year. May all those who will be going on leave, enjoy yourselves with your loved ones and family members, remember to be safe at all times.

All the Best for 2018
