Every year, in August, South Africa marks Women's Month, where we pay tribute to the more than 20000 women who marched to the Union Buildings on 9 August 1956 in protest against the extension of Pass Laws to women. The year 2023 marks the 67th Anniversary since the march of approximately 20000 women to the Union Buildings to petition against the pass laws of the country at the time.

The National Women's Month programme is based on the ongoing interventions across the work of government, civil society and the private sector within the context of the national priorities outlined by government.

Women's Month allows us to gauge how far we have come in transforming society, particularly the transformation of unequal power relations between women and men. While also focusing on and addressing gender oppression, patriarchy, sexism, racism, ageism, structural oppression, and creating a conducive environment which enables women to take control of their lives.

This year's Women Month theme is: **"Women's Socio-Economic Rights and Empowerment: Building Back Better for Women's Improved Resilience"**. The concept of Generation Equality is a global campaign

and links South Africa to global efforts to achieve gender equality by 2030.

The focus for 2023 is amongst others the acceleration of socio-economic programmes and activities that are undertaken across different economic sectors to fast track gender mainstreaming across these.

Ms Zamambo Mkhize (Secretary to the CEO) was the programme director for this prestigious event. Mrs Gaqa (Operational Manager at Gateway Clinic) opened with a very moving verse from the book of Exodus and then Ms Mthembu (Deputy Manager Nursing) welcomed all the ladies and encouraged them to enjoy themselves since it was their special day. Ms Letsoalo (PHC Supervisor) gave a purpose of the day speech. Ms Babalwa Jaca (Social Worker) did a motivational talk where she encouraged the ladies to speak up if they need assistance and then there was an open discussions session where different ladies shared their experiences on womanhood, marriage and life in general. Mrs Nompilo Mkhize (Chief Occupational Therapist) gave the ladies the platforms to use when they need help.

The ladies recited the KwaZulu-Natal Department of Health Women's Pledge and refreshments were served after.
