## CONGRATULATIONS LONG SERVICE

### The long service awards proved to be a success.

There are lot of things that you can do to motivate your staff and recognizing their input in the development of your organization and long service awards prove to be the one of the leading ways of encouraging and keeping your staff committed to the organization.

Mr. B Dlamini the C.E.O of Clairwood Hospital handed long service certificates to the employees who have served 20 and 30 years of service with the Dept of health. It was all joy

## FOOTBALLER OF THE YEAR 2007

The architect behind AC Milan's latest trophy success, the Brazilian magician is all smiles after scoring in the final and landing the adidas Golden Ball. "It's been an unforgettable evening," he tells us. "It's a new achievement in my

career, and like any important victory it's another page in the book of my life." Proudly clutching his award for player of the tournament, the eternally modest Brazilian playmaker is quick to give credit to his teammates for his own personal achievement. "I may have won the Golden Ball, but above all this was a brilliant team victory and as far as I'm concerned, this

award is for the club as a whole. Foremost in my thoughts is the Fondazione Milan [the club's charity foundation], an organisation I'm closely involved with." With Kaka what you see is what you get. I'm happy to have helped AC Milan add their name to the list of tournament
