## AWARENESS CAMPAIGN

### ENTABENI STREET AT SITHEMBILE LOCATION

It was only 16 Days into the new year the dedicated and passion driven team from Endumeni Sub District had already pulled up their sleeves and were hard at work. Sithembile Location community showed up in numbers as the Siphimpilo Outreach Team organized the outdoor TB Awareness Campaign which was hosted at Entabeni Street.

The community appreciated the information given to them as they were cautioned about the dangers posed by this disease, the committed health care workers started the programme with talks where the Sithembile Location community members were encouraged to visit their clinics within their vicinity for screenings. TB symptoms i.e. sweating endless coughing and curative measures i.e. taking medication and finishing the dose was the main talk for the day.

Support from the Health District Office was greatly appreciated as they also supported the initiative with the Dental and Eye Services.

### AWARENESS CAMPAIGN ON HEALTHY LIFESTYLE

Empathe Outreach Team on the 28th of February 2018 hosted the Awareness Campaign with the intention of promoting Healthy Lifestyle. Speakers on the programme deliberated on the these caliber of topics which the awareness was in line with: Health Services offered within Endumeni Sub District, Reproductive Health, Teenage Pregnancy, Implanon (Dual Protection) Circumcision etc.

This day was conjoined with the Mobile Clinic which uses the similar site to visit the community Kwa-Madonsela Tuck Shop. This initiative was greatly appreciated by the community within this area as they got an opportunity to be enlightened on the health services as some overcame the fear of inserting Implanon s and some were booked for Medical Male Circumcisions.

## HOSPITAL BOARD TRAINING AND ORIENTATION

Endumeni and Nquthu Sub District Board Members

The joint sitting for the Training and Orientation of the Board Members for Endumeni and Nquthu Sub District alongside the Managed was arranged at Dundee Hospital on the 11th January 2018.

The delegates from the Department of Health Head Office Priya and Devi from the Corporate Governance and ISC office graced the meeting to unpack the importance of the existence of the Board within the facilities as the Governance Structure. They took the attendees through a presentation which provided insight to both parties, management and Board members and clearly articulated the purpose and the aim of establishing such structures.

Board members appreciated the Training and the information that has been provided to them by the Head Office delegates.

## UMZINYATHI DISTRICT: CLINIC COMMITTEE TRAINING

Endumeni Sub District Clinic Committee Members

Umzinyathi District has 53 fixed PHC facilities and 13 Mobile Clinics therefore it is mandatory that the Clinic Committees cover and cater to the PHC facilities as per the requirement to ensure that there is governance structures that oversees and the PHC facilities are accountable to.

With the support from the District Office and the delegation which assisted with the facilitation of the training sessions for 3 days which enlightened the Committee members on their role in the facilities day to day operations.

It was a very impactful and educational sessions to the staff and committee members to have attended the training.

The committee members foresee a very fruitful working relationship with their facilities now that the training has unpacked all the clarity.

# **KEY POPULATION SECTOR**

**Umzinyathi: Health, Municipality, Civil Society Staff with Umzinyathi Mayor: Cllr Ngubane**

On the 25th March 2018 at McKenzie Hall, the Department of Health and Umzinyathi District Municipality staff graced the event with their presence in the event where His worship the Mayor: Cllr. Ngubane was expected to deliver his keynote address.

In his address he touched on the importance of society to groom and raise their children with respect, honesty as this will in the long run affect the society that a particular child will grow up in. He spoke as a father and as the peoples leader that community ought to support and accept everyone as per the constitution that governs South Africa, he again urged all not to be judgmental but be fully aware that all people belong and must enjoy the freedom to live in this country and this District.

The key item on the programme was to officially open the site which will offer these ANOVA services, soon after the programme ended at McKenzie Hall the whole delegation moved to Empathe Clinic where His worship the Mayor Cllr. Ngubane from Umzinyathi officially opened the site and cut the ribbon as he declared that Anova is indeed part of services which are available from Empathe Clinic. He further stated that from the time the site was opened by Dr. Zweli Mkhize in 1995 it was committed that it will serve the community of Umzinyathi which it still does even today. He further stated that as Umzinyathi District they welcome the initiative and no disturbances are anticipated to this partnership and other services offered by this facility.

# STAFF & PUBLIC NOTICES

Dundee Hospital revamping processes are underway during this time many unprecedented disturbances, objects may be placed either in pathways or driveways, noises may arise from areas that the contractors will be busy with or smell of paint. Management kindly seeks the publics and staff cooperation and that you bear with us during these times as the processes are for a good course and for the benefit of the users and clients to be serviced in a much better improved environment.

Kindly take note of the interim signage's directing all of the Hospitals users and visitors to use alternative routes and venues, again taking note of such is for the safety and the benefit of our clients and users to receive assistance safely and timeously.

### IYINI ILISTERIOSIS?

iListeriosis yisifo esibucayi, kodwa esilaphekayo nesivikelekayo, esibangwa yigciwane elibizwa ngokuthi yi Listeria.

iListeria yigciwane elitholakala kumhlaba esiphila kuwona, elihlala enhlabathini nase manzini.

Izilwane, imikhiqizo yokudla kanye nokudla okuphuma enhlabathini njengezithelo nemifino kungenzeka kuthetheleke ngaleli gciwane elithokala enhlabathini.

Isifo iListeriosis singahlasela noma ubani, kodwa siyingozi kakhulu kulaba:

- ezinganeni ezisanda kuzalwa
- kwabadala asebeqinile ngokweminyaka (ngaphezu kwengama-60 ubudala)
- kubantu besifazane abazithwele
- kumuntu onamasosha omzimba abuthaka (labo abahaqwe iSandulela Ngculazi (HIV) ne AIDS, abanomdlavuzi)

Izimpawu ze Listeriosis yilezi; ukuphathwa umkhuhlane - kube buhlungu imisipha, imfiva, ukuphathwa ikhanda, ukuhlanza, isifo sohudo nokuqina kwentamo. Uma ilunga lomndeni wakho libonisa lezi zimpawu vakashela emtholampilo wangakini noma ubonane noDokotela kungakedluli amahora okuqala ayi-12, ngoba iListeriosis ibhebhethaka ngokukhulu ukushesha - NGAKHO UNGALINDI.

### UKUZIWAYEZA INHLANZEKO NGASO SONKE ISIKHATHI KUNGASIZA UKUKUGCINA WENA KANYE NABOMNDENI WAKHO NIPHEPHILE:

- Geza izandla zakho ngaphambi nangemuva kokuthinta ukudla.
- Gezisisa izithelo kanye nemifino.
- Hlamba ibhodi oqobela kulo ukudla, kanye nemimese yakho, ngaphambi kokulungiselela ukupheka ukudla okuluhlaza.
- Gcina ukudla ngendlela ephaphile, endaweni ehlanzekile. Ukudla okudinga ifriji kumele kugcinwe endaweni ebanda ngokwezinga elifanele.
- Ungakulokothi ukudla osekuphelelwe yisikhathi.
- Faka inyama engaphekiwe negayiwe, izinkukhu nezinhlanzi efrijini.
- Sebenzisa amanzi aphephile nahlanzekile, noma uwabilise ngaphambi kokuwasebenzisa.

### ILISTERIOSIS INGAVIKELEKA. ZIWAYEZE UKUHLANZEKA.
