East Boom CHC

MANDELA DAY 18/07/2015

On Mandela Day some East Boom staff volunteered for 67 minutes. The team targeted to clear up the Wendy house which was full of old patients files that needed to be discarded. They also planted flowers in the clinic.

The Nelson Mandela Day was launched in recognition of Nelson Mandela's birthday on 18 July 2009. This was to encourage the next generation to take the burden of leadership in addressing the world's social injustices. It's more than a celebration of Madiba's life and legacy. It is a global movement to honor his life's work and act to change the world for better.
