BABY IT FORWARD PROJECT

The Baby it forward Project had a very blessed month of March 2023. They donated 2 fully stocked new-born baby girl hampers and 3 new-born baby boy hampers and baby bag to babies born that were in need. They donated 5 toddler packs to kids coming into the hospital. Also donated more baby bottles, formula and clothes to the Hiv positive babies and toddlers at Khanyisa. Their new initiative is the Kids zone play area, they have done two restocks of toys and books and put down a puzzle mat that the kids just love. This was a resounding success. Thanks to all that donated and to all the pray for this project. May the work of the Lord go on.

“Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work”2 Corinthians 9:6-8.
