MEC FOR HEALTH SUPPORT VISIT

The MEC for Health KwaZulu-Natal Dr Sibongiseni Dhlomo, visited Edumbe CHC on 2nd and 3rd April 2017 to provide support and perform medical duties as there is a shortage of doctors. Along with him were the Zululand District Manager Mr Vusi Vilakazi, eDumbe Municipality honourable Mayor Mr Majuba Mavuso Kunene, Edumbe CHC CEO Dr T H Ndlovu and the Local Political Leadership. Clinical rounds, patient consultation and staff motivation were performed to institutionalize the working conditions of the CHC.

A consultation room was allocated to the MEC For Health Dr S Dhlomo. He consulted both acutely and the chronically ill patients. He then did rounds in the hospital OPD, Dental clinic, X-ray, Resuscitation Unit, Pharmacy, Physiotherapy department and in the Treatment room. He also performed minor surgical procedures and tests at the CHC i.e. a knee aspiration procedure and ultrasonography.

The MEC for health, Honourable Mayor, District manager, the eDumbe CHC CEO and the EXCO team also did a support visit to Friesgewacht Clinic, where he was introduced to the staff and patients. The team was there to provide support to the clinic staff and to monitor service delivery of the community level. During the clinic rounds MEC for Health complimented the staff for cleanliness at the clinic.

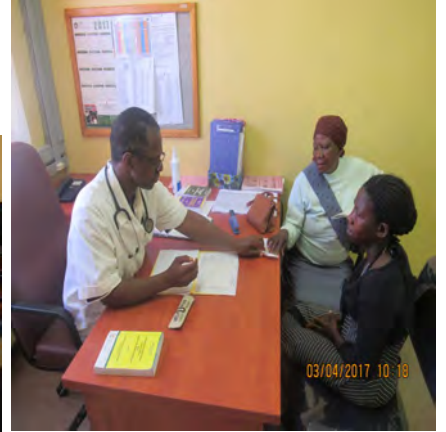

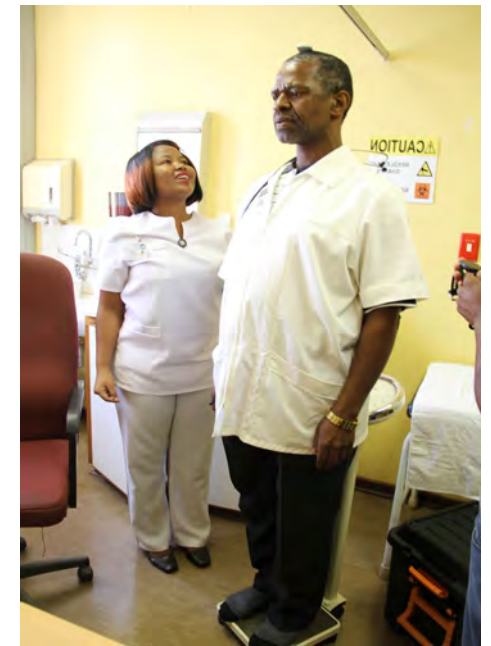

The institutional in-service trainees and interns had a privilege to meet the MEC for Health on their first day of arrival, he welcomed them and gave them word of advice before taking photos with them. Dr Dhlomo had an appointment with the dental department at the CHC where he was assessed and managed. This encouraged and showed that department staff and officials must trust the services rendered at the institution. He was happy with the service rendered.

He wrapped up his visit by doing aerobics at eDumbe Municipality hall where staff and the community participated as his culture to promote wellness in a workplace. It was a great privilege for eDumbe sub-District to be visited by the MEC Dr S M Dhlomo.
