OPENING FUNCTION

**OPENING & WELCOMING OF
NEW STAFF WHO RECENTLY
JOINED EDUMBE SUB -
DISTRICT TEAM**

YEAR OPENING FUNCTION

The guest speakers

A year-opening function at work is usually a grand celebration to welcome in the new calendar year. This function accomplishes a number of significant goals, including granting management and staff another opportunity to appraise the accomplishments, setbacks, and turning points of the preceding year.

The process of reflection facilitates goal-setting and the collection of lessons from the past. It also enables the organisation to develop precise targets and goals for the following year. This could entail summarising important projects, growth objectives, operational improvements, and other strategic priorities.

eDumbe sub-district gathered all Clinic officials and CHC staff to an opening celebration. Dr. TH Ndlovu, the CEO of eDumbe Sub-district, and her management team attended this event. Dr. Ndlovu took the opportunity to welcome new personnel who recently became part of eDumbe Sub-district team. The guest's speaker, Pastor Shabalala shared a word of God and prayed for the staff to start off the year with God's blessings. In acknowledgement of the sub-districts exemplary service delivery to the community, awards were handed to the sub-district's facilities and various departments.

The guest speakers

Young local artists charmed the audience by impressing them with their extraordinary talent of performing a poem to them. In addition to donating water and trophies on hand Metropolitan also used this occasion to inform employees about their investments and insurance policies.

The eDumbe sub-district's Event Management Committee was responsible for organising this event. The team put in a lot of effort to make sure this event was a success. Everyone had a great time at this event.
