HCT OUTREACH PROGRAM TO WILLOWFONTEIN

On 20 September 2015 Fort Napier Hospital HCT Team, working jointly with an NGO called Phelezela and the SAI organization visited the community of Willowfontein. There were a number of activities which took place on the day such as BP testing, Sugar testing, mental illness counseling, HIV Testing and Eye testing. Community members who needed were given spectacles free of charge. The SAI Organization organized lunch and refreshments for the community and staff members who participated on the project.

Fort Napier Hospital HCT Team was able to assist One hundred (100) community members. The outreach project was very successful as we were able to decentralize our services and bring our services closer to the community of Willowfontein. Working with other stakeholders helped our outreach program to have more packages to offer the community. We thank everyone who participated and contributed to the success of the event.

Compiled by: Mr. M. Dlamini (P.R.O)

Registration desk for HCT

The Organizing team: Mrs. N.T Nxaba (C.E.O) Mr Jugmohan, Mr Pillay, Mrs. Pillay, Mrs. Jugmohan
