## 2017 MASEA AWARDS CELEBRATION

The MASEA Awards are an annual event which is celebrated with the objective to encourage excellence, good governance and impactful innovation in the Department of Health, which improves service delivery and health outcomes. On 02 July 2017 the honorable MEC for KZN Health, Dr S Dhlomo invited all institutions across KZN who entered for different award categories. Amongst those who were invited were private partners and other stakeholders. The glamorous event was held at Inkosi Albert Luthuli International Convention Centre with all attendees dresses like kings and queens surely to make a statement.

Fort Napier Hospital was part of the celebration and scooped two awards. The first award was Second position in the category: Health Care Risk Waste Management, the second award was Third position in the category: National Core Standards—Specialized Hospital. Management thanked all staff members who made it possible to get these awards and mentioned that it was through hard work and team work that helped the institution win two awards.

## NATIONAL YOUTH DAY CELEBRATION

On the 15<sup>th</sup> June 2017, Fort Napier Sport Committee hosted a landmark National Youth Day Event with a good turn out by both staff and Mental Health Care Users. The event was based on two objectives, firstly to commemorate the revolutionary South African Students maimed in 1976 during the protest against repressive laws of the apartheid regime. The second objective was to prepare our Mental Health Care Users (athletes) as they are fine tuning their skills for the forthcoming KZN Provincial Sport Gala Event. Our institution adhered to the national theme that recognized our gallant revolutionary, a selfless icon, revered by the global community, the honorable Mr. O. R. Tambo, "**The year of OR Tambo: Advancing Youth Economic Empowerment**". Our Sport Committee further coined their own institutional theme aimed at declaring war on the scourge of woman and child abuse, "**It's time to RISE UP and PROTECT WOMEN and CHILDREN**". These themes reverberated in all speeches given by the different speakers.

The event was opened by the head of our establishment the honorable Mrs. N. Nxaba who reminded the audience of heroic struggles and the importance of defending our freedoms. It was during such welcome address that she articulated the importance of National Anthem and the decorum required when observing it. Her speech had a special resonance because she is one of the generations that were on the receiving end of the brutal oppressive regime. Mr. S. Mthembu and Mrs. J. Ross directed the program with aplomb and assisted the audience in understanding the themes of the day. Mr. S. Mthethwa gave the purpose of the day and further unpacked the relevance of honoring our heroes and heroines. In his perspective he believes that the struggle to advance peoples' aspirations remains critical especially in combating poverty, inequality and unemployment. Champions of different sport codes under the leadership of Mrs. S. Kraai and Mr. S. Gumede gave message of support and declared war against woman and child abusers. The whole day was celebrated with sport and music that kept everyone on the edge of their chairs. The event was another milestone in our institution where collaboration by different disciplines yielded positive outcomes. A special thanks must be directed to all Fort Napier Staff, with special recognition of the Medical Cluster who funded the event. Their generosity helped secure awards for our Mental Health Care Users.
