HEALTH MEC WITH NONJABULO AND BABY YAMUKELA GIVING THEM A NEWBORN HAMPER

## KZN MEC WELCOMES THE NEW-YEARS BABIES AT GJ CROOKES HOSPITAL

On the 1<sup>st</sup> of January 2015 the MEC for Health Dr. Sibongiseni Dlomo paid our hospital's Maternity Ward a special visit to see the 1<sup>st</sup> New Year's baby of the hospital delivered by Nonjabulo Mtungwa from Umthwalume out of 7 babies that were born on the day.

The baby was confirmed by the MEC for Health to be 1<sup>st</sup> New Year's Baby in the entire Province of KZN. The Minister with some members from his office, SABC and Vibe FM, brought some new-born hampers for the

New Year's baby, all the babies born on the day and mothers who were awaiting labor at the time in Maternity.

The MEC's message to all the mothers was "The time of giving birth should be a happy event, but that can only be achieved if mothers, when they suspect that they have fell pregnant, they should attend the Ante Natal Clinic from the first month of throughout their pregnancy. The clinic is coordinated by healthcare professionals to ensure that mothers have a healthy pregnancy and successful delivery"
