Hospital Nursing and Cleaning Staff, showcasing hand wash instructions

G.J Crookes Hospital highlighted world hand hygiene day on the 05/05/15. Infection Control and various categories of staff gathered together to highlight the importance of hand hygiene to health care workers. The program included a fun quiz on hand washing, habitane hand rub demonstrations and an informative talk by the IPC team. The habitane hand rub-”pass the baton” relay was thoroughly enjoyed by all staff who were present and participated on the day
