## **NURSES DAY**

Hillcrest Hospital nurses day commemoration this year was based on reflecting on the invaluable contributions of nurses to healthcare and the significant role of advocating for patients and their families doing all this with care and compassion.

Nursing Management honoured nurses by awarding wards with trophies as each ward plays a vital role in aiding in holistic care of the healthcare users. Friend of Hillcrest hospital old mutual also contributed by donating fob watches to all nurses. Nursing Manager thanked all who made this day possible from Admin Clerks fundraising, Mrs Z Mkhize for doing a sterling job of directing the programme and everyone who participated in the agenda of the day.

# WELLNESS DAY

**A**nually wellness programme aims to improve the wellbeing of staff , this year was no different as different healthcare providers were invited to offer a number of medical check ups to staff

We also partnered with Busa med, a private facility which also assisted in these tests, they brought an audiologist to perform hearing tests and did BP, glucose tests for all gems members. They also brought goodies for staff to enjoy.

This day was a success thanks to wellness team and events committee. Thank you to the Executive Management for allowing and supporting this endeavor in pursuit of the wellbeing of staff .

congratulations also goes to all staff who won checkers R500 vouchers.

# Family day

Medical and Allied team organized a family day for families to visit long term care patients, interact with therapists with regards to physical rehab offered. Fun was also the order of the day, jumping castles for children, board games and music. Information packs were also offered to visitors to get to understand the transition this facility is going through which is being a fully fledged rehab facility that other facilities can also refer physical rehab Patients to. We also got to hear testimonies of patients with regards to improvement in gaining their independence after being admitted for different ailments which are movement limiting. Dr Dlamini closed the day bay thanking everyone who was present and staff for assisting and also asking families to continue being supportive which plays a vital role in a patient's recovery journey.
