“I choose to be iqaba for life” said Mr. Chris Dlamuka (Museum Curator), who was the guest speaker when King George V Hospital celebrated Heritage Day on the 30th of September 2004.

The theme chosen was “UNITY IN DIVERSITY”, which was demonstrated by the different traditional outfits that were worn and the various cultural meals prepared for the day.

HIV/AIDS PRAYER DAY

The staff members of King George V Hospital were blessed to be given the opportunity to have the HIV/AIDS prayer day, on 03 December 2004.

The guest speaker, Rev I. Cele (Hospital Chaplain) said that “We need to make people understand that by rejecting and not caring about the infected person, the pandemic will continue to grow and destroy our families, communities and South Africa as a whole”.

The prayers were dedicated to people that are suffering with HIV/AIDS and are on treatment, the people who haven't disclosed and not sure of their status and for those orphans and children affected by the disease.

PRINCIPLE OF JUSTICE IN ETHICS

Let us talk about the Ethics Principle of Justice in relation to the command "Love thy Neighbour"

Justice put in simple terms means treating other people fairly it consists of giving each man his due, and the one thing that is due to every man is Love. This then brings us to that Justice and Love are the same.

If in Justice we are obliged to treating everybody the same, Justice can be seen as Love distributed. If we don't love all we will not serve all with Justice.

The key to observing justice for all is to Love all and serve all. When we are confronted with the claims of more than one person, of three or four people as in the work place we have to give them Love and it is Justice which settles just how love is to be applied to each of them.

Justice is Love working out its Problems.

FLOWERS FOR A SPECIAL DAY

I got flowers today
It wasn't my birthday or any other special day
We had our first argument last night
And he said a lot of cruel things that really hurt me
I know he is sorry and didn't mean the things he said
Because he sent me flowers today

I got flowers today,
It wasn't our anniversary or any special day
Last night he threw me into a wall & started to choke me
It seemed like a nightmare, I couldn't believe it was real
I woke up this morning sore and bruised all over
I know he must be sorry, because he sent me flowers today

I got flowers today
And it wasn't Mother's Day or any special day
Last night, he beat me up again
And it was much worse than all the other times
If I leave him, what will I do?

How will I take care of my kids?
What about money?
I am afraid of him and scared to leave
But I know he must be sorry,
Because he sent me flowers today

Last night he finally killed me
He beat me to death,
If only I gathered enough courage and strength to leave him
I would not have received flowers today.....
