ISIBHEDLELA KUBANTU

BRINGING SERVICES TO PEOPLE

DIETICIAN WAS ALSO PART OF THE TEAM WHO PROVIDED HEALTH SERVICE DURING THE DAY 'ISIBHEDLELA KUBANTU'

The Department of health continues to provide services for all through continuously rendering of community outreach programmes. This event is meant to ensure that services reach every one in the community irrespective of the distance, area, or income.

On 23 August 2023, Manguzi hospital visited Mbangweni area, near Mozambique boarder where they saw 350 clients. The hospital received warm welcome from the Councillor of ward 9 and traditional leaders.

Community members appreciated the visit as many a times struggle to visit the hospital due to distance and finance issues. Hospital management plans to visit as many wards as possible especially those that are in the remote areas as they believe every one has the right to health care services.

PHARMACY MONTH

INYANGA YOSOKHEMISI

Pharmacy month is a special time in the year where health professionals come together to raise awareness about the crucial role pharmacy plays in the healthcare system. An exciting aspect of this annual event is organizing educational visits to schools. This article emphasizes the significance of this school visits during pharmacy month and how it contributes to promoting medication education among students.

During the month of September 2023, the Manguzi Hospital pharmacist visited number of schools around uMhlabuyalingana namely Ham-bisanani High School, star of the sea high school, Tholulwazi primary e.t.c ,where they educated students about the proper use of medication, explaining the importance of following prescribed dosages, potential side effects as well as drug interactions. By emphasizing the significance of medication safety, pharmacy professionals contributed to the prevention of harmful practices such as self-medication or sharing prescriptions among classmates.

Pharmacy Month school visits is an ideal platform to address other prevalent health issues among students. Professional discussed topics including the danger of substance abuse, smoking cessation, mental health awareness and the importance of prevention from getting STI'S. By providing accurate information and addressing misconceptions, these initiatives empower students to make informed decisions about their wellbeing.
