

Manguzi Hospital

MANGUZI HOSPITAL

STAY INFORMED MANGUZI GIJIMA COMING UP!!!!

PEOPLE WITH DISABILITIES CAN TAKE PART IN **ALL SPORTS**

FUN FILLED DAY FOR FREE

Participants during the 4th annual Manguzi Gijima event

As we always say "prevention is better than cure", Manguzi Hospital will host its 5th annual Manguzi gijima which is aimed at encouraging the community of Mhlabuyalana about importance of living a healthy lifestyle in order to prevent lifestyle diseases like diabetes, blood pressure etc.

The event does not only want to highlight the importance of physical activities and good nutrition, but to encourage people to take charge of their health and to empower people with disability to take part in the sporting activities

This year's event will be on the 12 October 2019 at Shayina stadium. The race categories includes; 3km, 5km,10km and 2lkm distances as well as wheelchair races. There will also be assistance available for blind and deaf runners.

For more information , contact Mr R H Sanzul on $084\ 392\ 8800$ or at manguzigiji-ma@gmail.com

MANZINI FAMILY GIVING BACK

MOTHERS HAPPY TO RECEIVE GIFT FROM MANZINI FAMILY

This occasion was in memory of Mrs T O Manzini (the late Maternity ward Operational Manager) who had devoted her time and sacrificed her family because of the love she had for patients. The Manzini family came on the 21st of May 2019 to donate kiddies clothes and blankets to newly born babies from disadvantaged families in Maternity ward. This was also part of the T O Manzini's foundation launch which is aimed at assisting children in their walk of life.

"This was un expected indeed, not only did I receive a healthy baby, but I was also showered with gifts, thank you Manguzi Hospital for allowing the Manzini family to give us love and good memories that will last forever" said one of the mothers who received gifts.

NATIONAL CORE STANDARD AUDIT

During National Core Standard report back at Manguzi Hospital

On 19 May 2019, Manguzi Hospital was audited by other district Hospitals during the National Core Standard assessment. These standards are set by the National Department of health .They form the basis of a process that appraises the performance of the health establishment against a uniform set of expectations of what constitutes quality health care and service delivery.

The national core standards are structured into seven cross-cutting domains. The first three domains (patient rights; safety, clinical governance and care; and clinical support services) are involved directly with the core business of the health system of delivering quality health care to users or patients.

"UKUGEZWA KWEZANDLA, IMPILO ENGCONO"

Okubalulekile okumele okwazi ngokugezwa kwezandla

 Kunciphisa amathuba ukubhebhetheka kwezifo okubalwa kukho imikhuhlane, isifo sohudo nokunye

Izandla zigezwa njalo emva koku:

- Kokusebenzisa indlu encane
- Emva kokufinya noma ukukhwehlela
- Ngaphambi kokudla noma kokwenza ukudla
- Emva kokuthinta izilwane
- Emva kokudlala
- Ngaphambi noma emva kokubona umuntu ogulayo

CONTINOUS TRAINING FOR STAFF MEMBERS ASSIST THE MANGUZI EMPLOYEES ININSTILLING THE CULTURE OF WASHING HANDS ALL THE TIME
