FAREWEL DR. E. IMMELMAN

Cutting of the cake by Dr. Immelman

Manguzi Hospital had to say goodbye to one of its finest co-workers. Dr Immelman has always been extremely professional, hard-working team player. He has brilliant mind and always had big plans for Manguzi Hospital. "I am very happy that some of the plans were successful like the building of Pediatric and female ward" he said. As sad as they were, Manguzi Hospital Management wished him luck and that he enjoys his retirement.

In her speech the District Manager said “For someone to retire, it is good for his benefit but not good for other people, we are bidding farewell to someone who never took sides, who never keeps grudges. For the period that I spent in the District I never received a complaint about Doctor Immelman. He came to this hospital thinking he will only spend one year, but I he spent 23 years in service.

Farewell Doctor, the entire Manguzi Hospital and UMkhanyakude district will always miss you”.

Ms Themba –Mkhanyakude District manager

The farewell party was honoured by the presence of the board member (Mr M Mthiyane) and the representative from MaTCH (Ms. R. Lethlogile) who said “Dr Immelman is a unique person in a way that in a meeting you will speak for a long time and he will just keep quite, then after that he will only say one word and the problem will be solved . He knows every corner of the Manguzi Hospital”.
