## NEWS

STAY INFORMED

September 2017

### CEO'S CORNER

Let me take this opportunity to welcome all of you to the second edition of Manguzi News. It gives me so much pleasure to inform the public of some of the good practices that happened in the last quarter. Well, perhaps one might start by thanking the Manguzi Hospital team, board members and NGO's for their diligent effort in making sure that the community of uMhlabuyalingana receives the optimal care despite the challenges.

**A**s you may be aware, that the Department of Health is trying by all means to reduce the waiting time for clients, we don't want clients to wait too long, which is why we have introduced CCMDD( Central Chronic Medication, Distribution and Dispensing), where stable chronic patients receive their medication at their nearest destination. Manguzi Hospital has also introduced a chronic clinic inside the Hospital, whereby all those clients that are collecting their medication in the Hospital can do so without having to wait for a long time.

**H**aving said that, I would also like to thank our clients for always bringing their concerns to us, this assists us in making sure that our clients are always happy, together we can take this hospital to new heights. In the end I would like to thank you for your time and hope you will enjoy our edition. **THANK YOU**

# KZN LEGISLATURE VISIT

Manguzi Hospital team as they welcome the KZN Legislature

What an honour!, Manguzi Hospital will forever be appreciative of the visit by the high level of authority in the province.

The visit took place in 15 August 2017 and they were very impressed with the improvement that the Hospital has made since their last visit in 2014.

Speaking at the meeting MEC Sihle Zikalala thanked the Hospital for not outsourcing everything and the hounable MEC thanked the hospital for utilizing its own staff for almost all maintenance needs of the facility and clinics.
