DR S B VUMASE HOSPITAL CEO

2012/13 Financial Year has come and gone. It has been a challenging year especially, during the hard times of the Premier's Service excellence Awards. We are happy to pronounce that we have a new Pediatric Ward. Thank you to the Hospital Board for attending the opening ceremony on 13th March 2013. We are ardently awaiting for our new Female Ward and our 3x3 bedroomed bachelor houses which should be finished by the first quarter of 2013/2014.

We appreciate the efforts of Infrastructure Head office Department of Health ,headed by our Honorable MEC for Health Dr.S.Dlomo. We are slowly conforming to the National Health Insurance requirements. The bachelor houses will improve our status of accommodation as one of the commitments is to retain our staff through decent and good accommodation. TB, HIV/AIDS remains a big challenge in our Health Ward as well as the rest of Umkhanyakude Health District.

As we start the new Financial Year of 2013/14 our focus is on confirming some minor projects, repairs of our main air conditioning, conversion of our old boiler house into storeroom for our stores; shelter for all our official transport etc. We are proud to announce that the construction of our 12th new clinic has been started at Mpophomeni We have also started the new ART treatment of HIV(ATR012A) which is given to breastfeeding women, pregnant women and NAIVE (new patients on ARV's) as from 01 April 2013 as outlined by our National Minister Dr Aaron Motsoaledi. I encourage staff members to test for HIV at least annually. Welcome to all new staff members who have just joined Manguzi Hospital. May God comfort all those who have lost their be loved ones.

I THANK YOU

new pediatric ward

OPENNING PRAYER 2013

As usual, we have a year Opening prayer for all our staff at Manguzi hospital for this year it was on the 1st march 2013, during lunch time from 13h00 to 14h00.

We do this so as to thank God for his protection after having lost many of our staff during the course of the year from various diseases and accidents. For that reason the Hospital Management team and HCF decided to have this prayer each and every year to give praise and thanks to our almighty God.

The worship was led by Pastor Ngwenya who prayed for those who are sick after reading the word of God. With him was Pastor S. Makhanya who gave us closing prayer service of that special day.

We normally do this in the beginning of each year. The staff has enjoyed the prayer time and felt like having regular prayers. They asked the Management Team and HCF to plan for another day if they can. We appreciate our guests and staff who left their daily jobs to join us in this prayer and who gave us a warm service from God and ask blessings to be with us in the current year of 2013. May God give blessings to pastors who came to the prayer.

We hope that all our staff who were present in that prayer would get a speedy recovery as they asked blessings from God and got the warmest hands of the Pastors. May God bless the pastors and the staff at large.

Above: pastor S Makhanya praying for our staff members.

Middle: our staff members standing for prayer at an Opening prayer that was held on the 1st of March 2013

Bottom: Pastor Ngwenya gave a word from God and he ask blessings from God for those who live with sicknesses to get speed recovery.

MMC PROGRAMME

Above: Boys with staff waiting outside the hospital theatre

Centre: Sir Khulekani Mathenjwa PHC OM at a recent premiers imbizo at Scabazini advertising Male Medical Circumcision

Bottom: Boys in queue for screening at our recent Male Medical circumcision.

We as Manguzi hospital are glad to extend our appreciation to all participant who participated during the MMC services done from April 2013 up to date.

The Male Medical Circumcision build up camp was at our Tembe Traditional Council hall. We thank our Honorable Traditional leaders including our Inkosi Mr MI Tembe to play part in this programme as we are trying to minimize the risk of infection to youth by various STI's including HIV/AIDS.

We always salute the support of Inkosi M I Tembe for giving us the hall to do screening before the circumcision procedures are done at the hospital. We would like to thank our staff for their passionate job that they do to make the program successful as they put their effort and pressure in implementing this programme.

As our target was to do 150 procedures in our major camps and do 75 procedures on minicamp and while we do 10 operations every Thursdays of the week.

From April 2012 to March 2013 we have already circumcised 1395 procedures in our hospital and we are glad to say all our procedures we did were all successful.

NEW PEDIATRIC WARD

WE ARE GLAD TO INTRODUCE OUR NEW IMPRESSIVE PEDIATRIC WARD THAT WAS LAUNCHED ON 13TH MARCH 2013

After many years striving for New Pediatric Ward due to some contradictions about the structure and buildings of the ward we are happy that on the 13th march 2013 we have launched a New Peads Ward.

NEW HOSPITAL BAORD MEMBERS

It was challenging for us to see our project or building not being completed, we have faced various challenges in the road to build this new ward. But we did our best and work hard to finish this beautiful ward. We are glad to see that our combined efforts never fails.

We are glad that children will be in a safe and comfort place when they are admitted to this hospital. Every patient was happy about this building. One of the patients said that she thanks the Management team for their passion to build this high

class ward, she came at this hospital dejected about her child's sickness but now she is so happy about her child because of passionate job done by nurses and doctors of this hospital while impressive ward makes you feel like she was in a hotel and ask for more days to stay. So far we get compliments every week from our lovely bosses (patients) about the buildings of new Peads ward.

We would like to thank all our participants from contractors, workers, inspectors

for their cooperation to make this ward to be in high class. To all our staff we wish you all the best to your new ward and we say keep on working hard as you did in old Peads ward.

DD G'S VISIT TO MANGUZI HOSPITAL

New Deputy Director General of the Department of Health visited Manguzi Hospital on the 17 January 2013. She preferred to start at Mahlunqulu clinic and end with hospital. On arrival at Mahlunqulu clinic she was welcomed by the traditional dance team (isikapulani) which sang and dance for her and the District Manager Ms M. P. Themba. After the welcome dance, the District Manager made introduction of the visitors.

The DDG was introduced to the Hospital Management Team, the Clinic Operational Manager, Clinic Committee Members and the patients. She took rounds inside the clinic as well as the residences. The aim reason of the visit was, as a new person in the department, she wanted to know and physically see the facilities so as to find out how they look like. After the round, there was a short briefing session to find out the brief history of the clinic for more insight as well as the status in terms of the statistics.

As discussions continued, it came out that this clinic also services the people from Mozambique as the clinic is just 3 km to the border post. The DDG requested that we should keep such statistics on a monthly basis as it will help and influence the allocation of budget and other services. After the briefing session, then the DDG thanked all members present and thereafter left for hospital.

At hospital, the Delegation and the Management team took rounds to see the facility wards. There was also a short briefing session at the hospital boardroom. In her remarks, she was just perfectly impressed by the way we do things at Manguzi Hospital and the perfect cleanliness, which was noted by the delegation. In her closing remarks, she was very happy to know Manguzi hospital and staff and she wished us that we maintain the standard of good

THE LAUNCH OF THE ESICABAZINI YOUTH DEVELOPMENT ACADEMY

Premier minister Dr Zweli Mkhize and MEC Weziwe Thusi with other dignitaries at the recent imbizo at esicabazini

Community members enjoying the day at the imbizo at esicabazini

Kuningi intsha ehlala ikhala ngakho kuHulumeni ukuthi ayikwazi ukuzithuthukisa ngezindlela eziningi, kungaba amakhono, emanyuvesi ayithathwa, ayiqashwa ngendlela nasezi mbonini, okwenza izizwe ikhathazekile ngekusasa layo, iyo futhi intsha evamise ukutholakala isebenzisa izidakwamizwa, uphuzo oludakayo nokunye, okwenza ilahlekelwe yisimilo nekusasa elihle.

Ngomhlaka 07 Mashi 2013 kungokokuqala eMkhanyakude, Kwazulu Natal eNyakatho yesifundazwe, eSicabazini endaweni ephethwe Inkosi M I Tembe kuqopheke umlando lapho oNgqongqoshe noNdunankulu wesifundazwe saKwazulu Natal uDokotela Zweli Mkhize evule khona Isicabazini youth academy. Undunankulu ubehambisana nongqongqoshe wezeNhlalakahle Umama uWeziwe Thusi njengoba kungumnyango wakhe ophethe loluhlelo olusha. Bebe phelezelwa izikhulu zeminyango kahulumeni ezahlukene. Phakathi kwezikhulu ebezithamele lomcimbi kwakuyilezi:

UMayor Umkhanyakude District Municipality uMnu. Jeff Vilane, Mayor UMhlabuyalingana Municipality Mnu.T.S. Mkhombo no District manager, umkhanyakude Health District uMs M P Themba kanye nabamele ubukhosi be Nkosi u M I Tembe nabamele ubukhosi kwiDistrict uMkhanyakude. Kwizikhulumeni zosuku kuze kufike kuNgqongqoshe noNdunankulu babonga kakhulu kuHulumeni ukuthi kuyoyonke iProvince kukhethwe iSicabazini

ukuthi okokuqala kwakhiwe iYouth Academy. UNdunankulu Dr Zweli Mkhize wahalalisela umphakathi waseMkhanyakude ukuthi kuzoqala iYouth Academy kulendawo futhi kufanele siyisekele ngokuthi sithumele intsha izofunda. Akugcini njengokufunda kodwa, ufundiswa ngendlela yokuziphatha, kufundiswe namakhono afana nogesi, iplumbing, namanye amakhono okuzokwenza ukuthi uthi uma ubuya kule camp ube usushintshile indlela ozibuka ngayo izinto futhi usunanekhono okungukuthi ingakwazi ukuqasheka. Ngakho yakhuthazwa intsha ukuba izimisele yehlukane nezidakwamizwa ukuze iphucule ikusasa layo, futhi emva kwabafuna kule camp kuyobe sekubuthwa amantombazane nawo athole ithuba.

Ayekhona amaqembu ahlukehlukehle endlamu nomculo wokholo ayenandisa emcimbini njengoba kwakuwusuku olukhulu kangaka okwakunabantu ababalelwa ku5000. Owayemele ubukhosi bakwaTembe uMtwana uSolwazi M S Tembe wabonga kakhulu impumelo nokuvulwa kwale Youth Academy wathembisa ukuthi bazohlale beyiqaphile ukuthi iphathwa ngendlela efanele ukuze intsha yethu, ikhule iqhubekele phambili.

MINI OPEN DAY FOR GRADE 12 LEARNERS- FOR AMANDLA HIGH SCHOOL

Amandla High School is the school situated at far north east at Mahlungulu area, a place closer to Mozambique boarder post with enrollment of 23 learners doing science subjects. The Department of health is committed to support all grade 12 learners who study maths and physical science in that their future can be through Manguzi Hospital.

On year to year Open Days are always organized to advise such students that they should choose careers like being a doctor, dentist, physiotherapist, etc. On the 12th March 2013 was a day for Amandla High school as per their invitation where the day in the programme was having visitors from SAPS, Health HRD and Health School Health Services. The aim of the visit was to acquaint students with information that will assist them to choose Health sciences

faculties like studying to be a doctor, professional nurse, physiotherapist, radiographer, etc. School Health Services were also there to caution learners about teenage pregnancy which is common challenge in school children.

Lindiwe Nsele, (Human Resources Development officer) at Manguzi Hospital addressed school children on how to go about getting a bursary if you have chosen Health services and studying Maths and Physical Science. She further explained as when to apply to universities and when to apply for a bursary.

Sir Manzi (School Health Nurse) addressed students about teenage pregnancy and its impact on youth as how it disturbs you from studying and preparing for your future. Otherwise when they can't afford to wait, they were encouraged to use condoms, family planning or abstain from such behaviors.

SAPS Detective Manzini addressed the students about general behaviour of children in the community where they are found stealing, raping, drug abuse and assault. He warned them that if ever a person is jailed and took some finger prints having been sentenced at any case his name will be bad forever as he will remain having

criminal records and at their age is bad for them to have such records as that gives them hard times if they are now looking for employment since a person before being employed he/she is checked back as to whether she /he is being involved in any criminal record. The Principal of the school Ms. C. Mkhonto and her team appreciated the presence of SAPS and Health and hope that the learners will learn how to take proper decision in order to build their future.

AMARULA FESTIVAL 2013 (UMTHAYI)

Umkhosi WoMthayi obaminyaka yonke kwamhlabayalingana esizweni sakwaTembe uya ngokuba nesasasa elikhulu ngokumangalisayo. Lokho kubonakele ngobungako bezithameli zomcimbi lapho kughathaniswa neminyaka eyedlule. Kulomcimbi obekukhona kuwo nabendlu yeSilo Samabandla uBhejane phuma esiqiwini, bekukhona ngisho nabakwaNdebele kanye nabaseLesotho.

Eminyakeni eyedlule ubuhanjelwa kakhulu ngabaseMozambique nabaseSwazini nabangaphuthi nakanye kuwo. Isasasa lalomcimbi libonakala nagentsha egcwala ithi phama kulandela ukufika kwabaculi abadumile bezonandisa. Lomcimbi ubuhanjelwe abantu abangaphezu kuka25 000 kulo nyaka. uNkz. Nomathemba Mthembu (25) waseThandizwe Emanguzi uthi akaphuthwa yilo mcimbi. Uthi kuningi abakufundayo njengabantu abasha ikakhulukazi okuphathelene nesiko labo, uthi ukuba khona kwabaculi abadumile yikho okubadonsela kakhulu kulomcimbi. Kulo nyaka izinga lemvunulo yesintu belithe ukunyuka kongqongqoshe, phakathi kongqongqoshe abahambele lomcimbi bekukhona uMnu. Mike Mabuyakhulu, uNkk Weziwe Thusi, UNkk. Nomusa Dube.

Kuyintokozo emnyangweni Wezempilo ukuthi sibe semcimbinini womthayi unyakanonyaka

ngoba lokho kunikeza ithuba lokuthi sikwazi ukuthola umphakathi uze etendeni lethu lapho sesuke sihlola khona oshukela, BP, HIV nokunye. Nakulonyaka u2013 IManguzi Hospital yayikhona ihlanganyele kanye noDistrict Manager UMs Makhosazane Themba Umkhanyakude Health District .

kanye no Deputy Director General WoMnyango Wezempilo uDr Dlamini.

Ungqongqoshe uNkk Weziwe Thusi uphakamise ukuthi uzovuselela isakhiwo samakhono esicabazini kulandela ukuthi ubehambele wona lomcimbi onedumela esizweni sakwaTembe. uthe kulesakhiwo kuzofundelwa amakhono anhlolobhlobo.

Kulomcimbi abanamakhono okucula abendawo bathole ithuba lokuveza amakhono abo njengoba beshiyelane inkundla nabaculi abadumile. Lomkhosi unesasasa ngoba nentsha ithola ithuba lokuhlangana nabaculi abadumile okwenza wonke umuntu awuthokozele. Nakuba lomcimbi unesasasa kodwa izakhamuzi ziyakhala ngento yokuthutha umphakathi oveza ukuthi baningi abantu abathandayo kodwa izinto zokuhamba ezihlelwe ngokuba yincosana.

Inkosi MI Tembe ithe ngalomcimbi bafisa ukuthuthukisa ezokuvakasha kanye nobumbano namazwe angomakhelwane okubalwa kuwo iMozambique, Swaziland kanye ne South Africa. Uqhube wathi ngalomcimbi sekusungulwe uMthayi soccer Challenge Cup eyandulela wona lomcimbi okwenza intshayayo ibe yingxenye ngokuphele.

INTRODUCTION OF THE HOSPITAL BORD MEMBERS AT TEMBE TRADITIONAL COUNCIL

OUR NEW BORDMEMBERS LISTENING TO THE PRESATION OF MANGUZI MOSIPTAL MANAGER Dr S.B. VUMASE

As a rule Hospital Board members need to be known by the mother institution staff and by the community at large where the board is serving. A day was arranged with our local Tembe Traditional Council so that they are well known by the council and the community.

On the 4th April 2013 it was a Tembe Traditional Council Meeting where the entire executive Councillors of Inkosi M I Tembe meet and discuss development of issues of the community of kwangwanase. Inkosi MI Tembe and Tembe Traditional council is the Head of Indunas and a Council membership of about 17 members. The meeting started at 11h00 and having booked, we were told to be the first for our item of introducing our board members. The chairperson of the day Councillor M J Mthiyane as Inkosi M I Tembe was not present on the day, gave a chance to the hospital Management first to take the lead in introducing Board Members.

Dr SB Vumase Manguzi Hospital CEO made a first background on the originality of the Hospital board and there after proceeded with the intro-

MANGUZI HOSPITAL CEO ADDRESSING THE TRADITIONAL COUNCIL.

ductions of the Hospital Board Member as follows:

Mr P.J. Mdluli, Ms. B.M Ndzunga, Mr B.M Tembe, Mr S.C. Mathenjwa, Mr J.S Mthembu, Mr M.S Nhlabathi and Mr M.J Mthiyane.

Hospital CEO then thanked the council for allowing us to do such introductions so that all board members are known to the community.

TEMBE TRADITIONAL COUNCIL WITH THE EXECUTIVE COUNCILLORS OF INKOSI M I TEMBE MEETING WITH MANGUZI HOSPITAL BOARD MEMBERS.

STAFF MEETING

Manguzi Staff Members Listening To The Presentation Of Batho Pele Principles At Dining Hall In Their Meeting That Was Held With Hospital Managers And Operational Managers

Quality manager S E Mzileni leading a discussion about the Quality Day

At Manguzi Hospital we are working guided by Batho Pele principles as these principles are the Principles that every Government Department must undergo.

We as Manguzi hospital we do not theorize these Principles as it states but we are practicing them on daily basis. On the 13th of March 2013, Hospital Manager and Operational managers had a meeting with all staff members of Manguzi hospital to address them about the certain issues as follows:

- ⇒ To address all staff about the Bathopele Principles team so as to enforce the monitoring of all the principles as to whether do they meet and confirm the obligations as per quality standards.
- ⇒ As per our Department Vision is to reach a high standard of excellence as Private Hospitals, as we look forward to confirm National Core Standards and National Health Insurance.
- ⇒ To re-instate the Bereavement Committee, we were requesting them to elect new members of Bereavement Committee, as the Bereavement policy state, each elected committee must operate in a period of 24 months.
- ⇒ To plan for 2013 Quality Day which will be hosted during October/November 2013.
- ⇒ Checking back 2012 Quality Day as to what was good and where we need to correct.

This has shown that at Manguzi Hospital we breath Batho Pele Principles; we seek for mandate to staff members where it deserves for proper planning so that when plans are to be implemented everybody is readily aware of what is happening. We thank and appreciate the type of staff we having at Manguzi Hospital. Keep up your GOOD WORK and TEAM SPIRIT

COMPLIMENTS

Female Ward

I would like to thank the Female ward staff for taking care of me while I was admitted there. I felt very special and taken care of. Specially enrolled nurse B.T.Sibiya although they were all nice to me; but she was there for me at the difficult time of my life. I wish she can remain like that. She never judged me but she only did what she is called for

Wish you all the best

Thank You

Female Ward

Seloku ngifikile ngiphatheke kahle bonke bane-Service enhle uDoctor; uSister in charge.Nurses banempatho enhle kanti sekune Improvement ngaso sonke isikhathi bayacleaner ; changing of linen and ne-Medication siyidla ngendlela

Niqhubeke njalo ne good service yenu.

From:Nontobeko Masango of KwaNgwanase.

Out Patient Department

Mina ngincoma ukuphatheka kahle wonke amanesi alana anomoya omuhle nonesizotha baphathana kahle.

Bayanakekelana bonke banomusa Unkulunkulu ababuse baqhubeke njalo bangayeki ngisho omama abaphekayo. Banomoya omuhle ngiyaqala ukubona amanesi ANGATHEHLI.

From:

Pediatric Ward

Thank You to our Government; our sisters; our doctors; our male nurses; our general orderly; you gave us a good service like healthy meals; it was so delicious; the medicine; it made our child better. Keep it up guys and never give up. We were so impressed with the building its very nice and clean New Pediatric Ward

From

Bonisiwe Masiya of Kwandaba Area

Male Ward

Ngincoma ukuphatwa kahle amanesi ewadini. Ngafika ngigula kodwa manje ngingconokakhulu; kunonesi ewadini othi noma ugula kodwa bakwenze ubengcono ngokuthi balokhu bekuxoxisa bexoxa izinto ezihlekisayo njengo-nurse Mcineka aqhubeke njalo amanesi asewadini labesilisa ngokusiphatha kahle.

From: Sifiso Buthelezi eMpophomeni

Male Ward

Ngiphatheke kahle ngoba nginakekelwe ngoba ngafika kunzima la emtholampilo wakhona ukungisiza u nurse Mpontshane uyena ongisize no B.K.ubengisiza kakhulu ngakho konke engikufunayo beno B.C.Myeni ungisize ngalendlela efanele Ngiyabonga.

Ngincoma kakhulu u nurse Mpontshane no B.K. no B.C.Myeni bangisize kakhulu ngize ngaphuma esibhedlela saseManguzi. Kungihambele kahle konke.

From: Celani Gumede

INFRASTRUCTURE

The structure of 3x3 Bed roomed bachelor houses are nearing completion.

We are pleased to report that new 3x3 bed roomed bachelor houses are nearing completion. It is always a challenge to retain scarce skilled staff like doctor etc. If you do not have proper housing. We appreciate the enormous work that is done by the department of health under the leadership of our health MEC Dr Sibongisen Dhlomo.

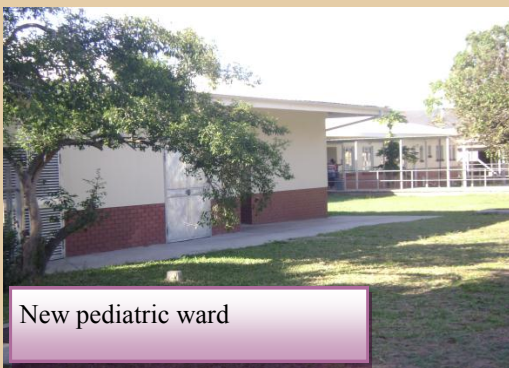

Structure of Female ward

New female Ward is also nearing completion after so many years waiting for it as our old female ward was built long time ago and it has become difficult even to do some alteration or repair as it is an old building. We appreciate and welcome the new female ward which will be finalized in four months.

New Pediatric ward is now finalized and its great pleasure to have such a modernized ward at a rural hospital like Manguzi Hospital. This confirms the wishes of our leaders that we must change the lives of our people

at all cost and this is also the move toward national Health Insurance where all our facilities at public hospitals must maintain the same standard of private hospital. It was a great day at Manguzi hospital when there was a mini Opening function of the ward with our main stake holders' hospital board. The board, management, patients and staff were very pleased at this occasion as it comes without saying that as you enter the ward being a patient you will be alive before being touched by a Nurse and Doctor. A Big Thank to the Department of Health H/O, and the contractors for their wonderful work done.

New pediatric ward

MESSAGE FROM P.R.O OFFICE

MESSAGE FROM P.R.O- Mr. S.A. MATHENJWA

PRO STUDENT S F MAPHELANE

I am proud to be at a winning Hospital Manguzi. The management team and staff are always supportive and willing to solve all challenges coming on day by day. Team

work and Batho Pele principles customer care must be every day's gospel to our preachers that is our sectional supervisors. It's encouraging to see that out of our challenges but we maintain our satisfaction rate of 91% which means out of the best. Complaints are tools to make you improve services at a variety of sections. In 2013 while we are managing our sections as if we are running our own business we must focus on strengthening the implementation of national core standards, HIV counseling and testing, make me look like me a hospital, male medical circumcision, customer care and Batho Pele principles.

I extend our best wishes to my Management team of the Institution, staff and patient coming to Manguzi Hospital. I wish them a speedy recovery. God Bless you all.

I kindly extend my appreciation to the management staff who gave me this opportunity to expose myself in a working field. I came here with a theory of working now this experiential learning gives me all knowledge about what I should do in a working field. I would like to thank Mr S.A. Mathenjwa for his passion to instruct, you did give me the "inspiring experience" of being a public relations officer.

To all sections of the hospital I wish all the best in your duties may God Bless You

Thank you,
Scelo F. Maphelane
