## **KZN Health MEC hails appointment of new KZN Health HOD**

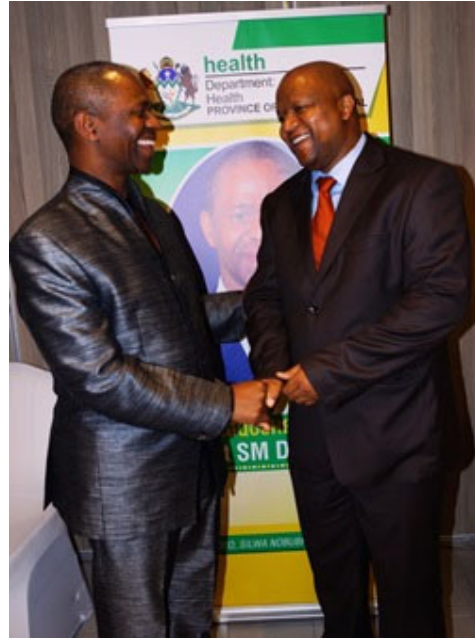

The MEC for Health in KwaZulu-Natal, Dr Sibongiseni Dhlomo, has thanked the Honourable Premier of KwaZulu-Natal, Mr Senzo Mchunu, for the appointment of the new Head of Department, Dr Sifiso Mtshali.

“We are very thankful to the Honourable Premier and excited to welcome Dr Mtshali on board as the new Head of Department. He brings a wealth of knowledge and experience and has led the Inkosi Albert Luthuli Central Hospital (IALCH) with distinction. Just recently, IALCH was hailed as second only to Steve Biko Academic Hospital in the achievement of National Core Standards. We have full faith in Dr Mtshali’s ability to run this Department’s R32 billion budget, which is geared towards the prevention and management of diseases in this Province,” said Dr Dhlomo.

Dr Mtshali assumes his duties on 01 July 2015.
