

# KZN Department of Health procures moveable assets of St Mary's hospital

The KZN Department of Health has tendered to procure the moveable assets of St Mary's Hospital. The assets of this hospital were to be auctioned by Peter Maskell Auctioneers in Pietermaritzburg today (20/09/17).

The Department is also in the process of finalising a lease of the land and buildings of the hospital with a view to procure the said assets. Should these endeavours be successful and be approved by government, it is expected that the Department will commence with the running of the facility with effect from 1st of October 2017.
