DECEMBER 2020

WORLD AIDS DAY 2020

World AIDS Day is commemorated each year on the 1st of December and is an opportunity for every community to unite in the fight against HIV, show support for people living with HIV and remember those who have died

01

World aids event

On the 2nd of December 2020, Richmond hospital staff participated in the awareness march which was from Richmond hospital to SASSA office in Richmond village. During the march staff was holding plug cards written messages promoting adherence to medication as well as protecting yourself and those you love. Condom and pamphlets were distributed to taxi drivers, salons and shopping centres. Richmond municipality traffic department played crucial role in this march as they were ushering the cars. Over 17 000 male and 1300 female condom were distributed on the day.

Though the day was planned for AIDS day awareness, the issue of COVID 19 was not left aside during the march. The importance of wearing mask, washing hand and social distance was also emphasised. “Please leave your house only if there is an important reason because the COVID 19 is still here” this was some of the messages that was conveyed on the day.

Richmond hospital management would like to thank all those participated.

DDG'S VISIT

On the 1st of December 2020, Richmond hospital hosted Mr. MM Zungu who is our acting District director his position is DDG for NHI, Facility accreditation and Compliance. On his arrival the Management team welcomed him and presented the overview of the facility. Mr Zungu thanked the MANCO for all the work that it has done in the facility up this far. In his speech he also thanked Dr Anwar for being the Acting CEO for the past few years. Mr Zungu then introduced the new Chief Executive Officer of Richmond Hospital Ms. Nomawethu Binase who was also present on the day. Management team welcomed the CEO Ms N Binase. Mr Zungu urged all members to give full support to the new CEO. He also highlighted that Ms. Binase is not new in the departments of health as she has been in Managements positions in different facilities.

After introducing the CEO to the Management team Mr Zungu then asked for the adhoc staff meeting, which took place on the same day at 11h20. Mr. Zungu introduced the Chief Executive Officer Ms. N Binase to the entire hospital staff (i.e security, cleaners, nurses, doctors, clerks and kitchen personnel etc.) and the staff also welcomed the CEO. Mr Zungu also thanked staff for all good work that they are doing in this facility from TB to COVID and asked them to support the management. After the staff meeting management took the CEO and Mr Zungu for the brief walkabout.

PROJECTS

Richmond hospital is still continuing with its biggest project ever since it was bought by the Department of health in 2007. This project includes fencing, water reticulating and surge, renovations of almost all wards and panting 100% of functional buildings.

We appeal to all internal and external stakeholders to bear with us for the inconvenience caused by this project. However we can give people assurance that once it is finished service delivery will be much appreciated.
